

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Contract Award for Pleasant Avenue Telecommunications Conduit, Elm Street to 300 Feet North of Locust Street (\$24,010)

MEETING DATE: November 19, 1997

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council adopt the attached resolution awarding the contract for the above project to Richard A. Heaps Electrical Contractor, Inc., of Sacramento, in the amount of \$24,012.50 and appropriate funds in accordance with the recommendation shown below.

BACKGROUND INFORMATION: This project consists of installing 850 lineal feet of communication conduit between the Public Safety Building and the Library Building. The purpose of the conduit is to allow the Library to have a direct phone connection to the City's phone network located in the Public Safety Building. In addition to serving the Library, the Emergency Operations Center that is located in the Library's conference room will be served. It will also provide future computer connection capabilities to the Public Works and Public Safety computer networks during emergency conditions. The eventual connection to the City's telephone and computer systems within the Civic Center will save \$15,000.00 to \$20,000.00 in needed system upgrades at the Library and reduce the annual telephone bill by at least \$2,000.00. While the direct cost will take many years to recover, there is substantial operational benefit to both the Library and the Emergency Operations Center.

Plans and specifications for this project were approved on October 15, 1997. The City received the following three bids:

Bidder	Location	Bid
Engineer's Estimate		\$17,500.00
Richard A. Heaps Electrical Contractor, Inc.	Sacramento	\$24,012.50
All Star Telecom, Inc.	Carmichael	\$33,575.00
B & H Electric, Inc.	Lodi	\$35,632.00

Other aspects of the project include installation of telephone and data conductors and termination in the Library and Public Safety buildings. This work will be handled separately and is estimated to cost \$11,000.00. With other minor project costs and contingencies, the total project is estimated at \$38,000.00.

FUNDING: Requested Appropriation: 1997/98 Current Capital Outlay Budget (Page E9) \$38,000.00
Bid Opening Date: November 5, 1997
