

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Plans and Specifications and Advertisement for Bids for White Slough Water Pollution Control Facility Holding Pond No. 1 Embankment Rehabilitation

MEETING DATE: May 6, 1998

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council approve the plans and specifications for the above project and authorize advertising for bids.

BACKGROUND INFORMATION: This project consists of excavation of eroded soil from pond bottom, placement and compaction of eroded soil on the embankments of Holding Pond No. 1, the installation of riprap on the slopes, and other incidental and related work as shown on the plans and specifications for the project.

The plans and specifications are on file in the Public Works Department.

FUNDING: This project is not budgeted until the 1998/99 fiscal year. However, since this work needs to start in July, bidding of the project is proceeding to allow for contract award on July 1, 1998. Also, according to the project estimate, an additional \$85,000 will be needed to fund the project. This additional funding is available from the Boiler Replacement Project, which is budgeted to receive \$85,000 in the 1998/99 fiscal year but will not need the funding because that project has been completed.

Project Estimate:	\$170,000
Budgeted:	1998/99 fiscal year
Planned Bid Opening Date:	May 27, 1998
