

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Public Works Project of the Year Recognition for City Hall Remodel

MEETING DATE: May 21, 1997

PREPARED BY: Public Works Director

RECOMMENDED ACTION: This item is for information only. No action is required.

BACKGROUND INFORMATION: Our City Hall remodel project was submitted to the American Public Works Association (APWA) for local and national competition for Project of the Year. Nationally, our project won an Award of Merit, in the \$2-10 million structure category. Out of the thirteen competing in this category, in addition to a winner, there were two Awards of Merit given. Our project was just barely over the \$2 million, and we feel that if we had been in a lower category, we most assuredly would have won. The Sacramento Chapter of APWA had a local competition which encompasses the northern 25 counties, and Lodi's City Hall remodel project won in the \$2-10 million category.

Al Colon, President of the Sacramento APWA Chapter, will be present at the May 21st Council meeting to present us officially with the National Award of Merit and the Chapter Project of the Year Recognition.

FUNDING: Not Applicable

Jack L. Ronsko
Public Works Director
