

# CITY OF LODI

## COUNCIL COMMUNICATION

AGENDA TITLE: Professional Service Agreement for Peterson Park Improvements Project  
Construction Staking (\$14,000)

MEETING DATE: March 19, 1997

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council approve an agreement with Baumbach & Piazza, Inc., for the purpose of providing construction engineering services for the improvements at Peterson Park.

BACKGROUND INFORMATION: At its January 15, 1997 meeting, City Council awarded the Peterson Park Improvements Project contract to A. M. Stephens Construction Co., Inc. It was staff's intent to have the City survey crew do all the construction staking on this project. Our survey crew has since discovered that work on the Downtown portion of the Central City Revitalization project and the timing of the Peterson Park Improvement project will not allow them to be available to A. M. Stephens for the construction staking.

Baumbach & Piazza, Inc., has done the construction staking for the excavation grading of Peterson Park and has electronic data on file which will allow them to perform this phase of the construction staking more efficiently than other engineering firms. City Council has already approved an agreement with Baumbach & Piazza for the construction staking on Cherokee Lane, but this firm has enough personnel to set up multiple survey crews when needed.

FUNDING: Staff is recommending funding for this service (\$14,000) come from the contingency fund of the Peterson Park Improvements Project (121.0-760.76).

  
for Jack L. Ronsko  
Public Works Director
