

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Public Hearing regarding adoption of the San Joaquin County Integrated Solid Waste Management Summary Plan and Countywide Siting Element.

MEETING DATE: Wednesday June 19, 1996

PREPARED BY: Kirk J. Evans, Assistant to the City Manager

RECOMMENDED ACTION: That City Council adopt a resolution approving the San Joaquin County Integrated Solid Waste Management Summary Plan and Countywide Siting Element.

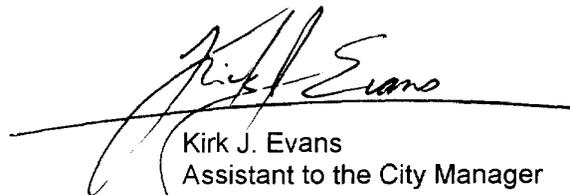

BACKGROUND INFORMATION: AB939 requires replacement of existing County Solid Waste Management Plans with an Integrated Waste Management Plan for each county in California. This plan summarizes existing Source Reduction and Recycling Elements (SRRE) and NonDisposal Facility Elements (NDFE) for the incorporated and unincorporated areas of San Joaquin County. It also includes a discussion of jurisdictions involved, agency roles, and a statement of goals, policies and objectives set forth by the S.J. County Integrated Waste Management Task Force. The Plan provides a County profile and discusses plan administration. This is followed by a description of current solid waste management practices and a summary of each jurisdiction's SRRE, NDFE and Household Hazardous Waste Element.

AB939 also requires each County to prepare a Siting Element to verify S.J. County has at least 15 years disposal capacity for all waste generated during that period. The Siting Element provides detailed descriptions of disposal facilities that will be used for the next 15 years. The element verifies S.J. County has more than enough existing disposal capacity for the planning period through 2010.

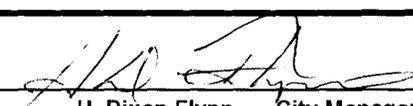

Public Resources Code 21000 requires environmental review of these documents. Both the Summary Plan and Siting Element were reviewed in compliance with the California Environmental Quality Act. Negative declarations were adopted for each by the Board of Supervisors.

The San Joaquin County Integrated Waste Management Task Force has reviewed this Integrated Solid Waste Management Summary Plan and Countywide Siting Element and determined it meets their goals and policies. California Code of Regulations, Section 18783 requires each City and the County to conduct public hearings prior to adoption by resolution. This document must be approved by S.J. County and a majority of the Cities within the County, representing a majority of the population of the incorporated areas. Copies for public review have been placed in the City Clerks Office and City Library.

SUBJECT: ADOPTION OF SUMMARY PLAN AND SITING ELEMENT

Dear Ms. Perrin:

The San Joaquin County Integrated Waste Management Task Force has reviewed and approved the "Final San Joaquin County Integrated Waste Management Summary Plan and Siting Element" dated April 1996, and recommends its adoption by the County and each of the Cities within the County (see attached letter from George L. Barber, Task Force Chair).

Assembly Bill 939 which created the Integrated Waste Management Act of 1989 (ACT) required each City and each County (for its unincorporated areas) to prepare and adopt a Source Reduction and Recycling Element, Nondisposal Facility Siting Element, and Household Hazardous Waste Element. Accordingly, San Joaquin County and each of its Cities prepared and adopted the required Elements. The ACT further requires each County to prepare a Summary Plan which summarizes the Elements adopted by the Cities and the County, and a Disposal Element which identifies disposal facilities required by the Cities and the County for the period of 1990 through 2010.

Working with the Task Force, the County prepared and presented several working drafts to the Cities for review and comment. In June and July 1995, preliminary drafts of the Siting Element and Summary Plan were approved by the Task Force and circulated to the Cities, local and State agencies, and throughout the County for comment. Further, the Board of Supervisors conducted public hearings to receive additional input (see attached). The preliminary drafts were revised where appropriate, to incorporate comments received during the extensive review period. A California Environmental Quality Act review was performed on both the Summary Plan and the Siting Element (see attached Negative Declarations).

Jennifer Perrin
May 28, 1996
Page 2

The ACT requires the County and each of its Cities to conduct public hearings before considering adoption of the Final Summary Plan and Siting Element. At least thirty days in advance of the public hearings, the County and each of its Cities must publish notices of the hearings in local newspapers of general circulation (see attached California Code of Regulations). The Final Summary Plan and Siting Element must be adopted by a Resolution of the governing bodies of the County and the majority of the Cities representing the majority of the population of the incorporated areas within the County. Therefore, your City is requested to notice and hold the required public hearing and consider adoption of the Summary Plan and Siting Element. County Department of Public Works staff will be available on request, to make a brief presentation or answer questions when your Council considers this matter.

After adoption of the Summary Plan and Siting Element, please forward a copy of the Resolution and proof of publication of notice for the public hearing to Tom Horton, Department of Public Works, Post Office Box 1810, Stockton, 95201.

Copies of the Summary Plan and Siting Element, and a sample Resolution are attached for your use. If you have any questions, you may contact Tom Horton at (209) 468-3066.

Very truly yours,

STEVEN WINKLER
Deputy Director/Operations

FINAL SAN JOAQUIN COUNTY INTEGRATED WASTE MANAGEMENT
SUMMARY PLAN AND SITING ELEMENT

Dear Mr. Flynn:

The Integrated Waste Management Task Force has reviewed the Final San Joaquin County Integrated Waste Management Summary Plan and Siting Element and found them to be consistent with the goals and policies established by the Task Force. On May 3, 1996, the Task Force approved the Final San Joaquin County Integrated Waste Management Summary Plan and Siting Element and recommended adoption of the Summary Plan and Siting Element by the Cities and the County of San Joaquin.

Prior to adoption of the Final Summary Plan and Siting Element, by resolution, it is necessary that each jurisdiction hold a public hearing with a 30 day notice.

Very truly yours,

George L. Barber, Chair

RESOLUTION NO. 96-80

A RESOLUTION OF THE LODI CITY COUNCIL
ADOPTING THE INTEGRATED SOLID WASTE MANAGEMENT
SUMMARY PLAN AND COUNTYWIDE SITING ELEMENT FOR
THE COUNTY OF SAN JOAQUIN

WHEREAS, the Integrated Waste Management Act of 1989 (ACT) requires each County for its unincorporated areas, and each City to prepare and adopt Source Reduction and Recycling Elements, Nondisposal Facility Elements, and Household Hazardous Waste Elements; and,

WHEREAS, the ACT requires each County to prepare and adopt a Countywide Disposal Facility Siting Element (Siting Element) which identifies the facilities which will be used by the County and Cities within the County, to dispose of waste during the period of 1990 through 2010, and an Integrated Solid Waste Management Summary Plan (Summary Plan) which summarizes the Elements prepared and adopted by the County and the Cities within the County, and

WHEREAS, the County and each City within the County have prepared and adopted individual Source Reduction and Recycling Elements, and Nondisposal Facility Elements, and jointly prepared and adopted a Countywide Household Hazardous Waste Element; and

WHEREAS, the County has prepared a Summary Plan and Siting Element in accordance with the requirements of the ACT; and

WHEREAS, the County's Integrated Waste Management Task Force has approved the Summary Plan and Siting Element and recommends its adoption by the Cities and the County; and

WHEREAS, the ACT requires the County and each City to consider adoption of the Summary Plan and Siting Element after conducting a Public Hearing with a published thirty day notice; and

WHEREAS, a Public Hearing with a published thirty day notice has been held;

NOW, THEREFORE, BE IT RESOLVED that the City of Lodi hereby adopts the Integrated Solid Waste Management Summary Plan and Countywide Siting Element dated April 1996, for the County of San Joaquin.

Dated: June 19, 1996

I hereby certify that Resolution No. 96-80 was passed and adopted by the Lodi City Council in a regular meeting held June 19, 1996 by the following vote:

AYES: Council Members - Davenport, Mann, Pennino, Sieglock
and Warner (Mayor)

NOES: Council Members - None
