

# CITY OF LODI

## COUNCIL COMMUNICATION

**AGENDA TITLE:** Authorize City Manager to Submit Congestion Mitigation and Air Quality (CMAQ) Grant Applications for \$3,000,000 for the Lodi Multimodal Park-and-Ride Structure, \$700,000 for Three Compressed Natural Gas (CNG) Buses, and Other Projects Staff is Currently Researching, to the San Joaquin Council of Governments

**MEETING DATE:** April 21, 1999

**PREPARED BY:** Public Works Director

**RECOMMENDED ACTION:** That the City Council adopt the attached resolution authorizing the City Manager to submit Congestion Mitigation and Air Quality (CMAQ) grant applications for \$3,000,000 for the Lodi Multimodal Park-and-Ride Structure, \$700,000 for three compressed natural gas (CNG) buses, and other projects staff is currently researching, to the San Joaquin Council of Governments.

**BACKGROUND INFORMATION:** The City of Lodi is requesting funds from various sources in order to fund the park-and-ride structure at Sacramento and Pine streets. The park-and-ride structure will alleviate downtown parking needs now, and provide for parking demand when AMTRAK, and possibly ACE, begin to service Lodi.

The Public Works Department has already secured \$929,565 in CMAQ funds and \$280,844 in San Joaquin Valley Air Pollution Control District funds (local match) for the purchase of three CNG buses. The \$700,000 is needed to complete the purchase of three additional buses for the GrapeLine.

Also, staff is currently researching other projects for CMAQ funding, such as Lower Sacramento Road. A signal may be called for at Lower Sacramento Road and Tokay Street, and traffic signal coordination may be part of the project as well as other traffic signal upgrades.

**FUNDING:** Not applicable.
