# COUNCIL COMMUNICATION

**AGENDA TITLE:** Contract Award for Washington School Playground Equipment, 831 West Lockeford Street (\$32,489)

**MEETING DATE:** September 15, 1994

**PREPARED BY:** Public Works Director

**RECOMMENDED ACTION:** That the City Council adopt the attached resolution awarding the contract for the above project to Benton Fence and Drilling of Galt in the amount of \$32,489.48. The contract price includes Optional Bid Items 1, 2 and 3.

**BACKGROUND INFORMATION:** This project consists of purchasing and installing ADA compliant playground equipment, concrete ramps, and other incidental and related work, all as shown on the plans and specifications for the project. This work is being done in exchange for the dedication of the Well 25 site at the northwest corner of Washington School.

Optional Bid Items 1 and 2 involve the installation of approximately 200 square feet of a resilient rubberized surfacing. This rubberized surfacing will make it easier for children in wheelchairs to travel to the playground equipment access point. This material has not been bid by the City before and the price was higher than anticipated. Because the School District also uses Washington School as a location for instructing handicapped children, it is being recommended that the resilient rubberized surfacing be installed as part of this project.

Optional Bid Item 3 will remove the old asphalt concrete adjacent to the playground area and replace it with concrete. The cost for this bid item is \$2,875.00 and the School District has indicated they will pay for this work. The City's actual contract price is \$29,614.48 with this contribution from the School District.

Plans and specifications for this project were approved on July 6, 1994. The City received the following two bids for this project:

<u>Bidder</u>	<u>Location</u>	<u>Bid</u>
Engineer's Estimate		\$31,001.00

 Budgeted Fund: Water Development Impact Mitigation Fee  
 Current Appropriation: \$331,000.00
