

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Specifications and Advertisement for Bids for Computer Equipment for Fire Department and Civic Center LAN Expansion

MEETING DATE: October 5, 1994

PREPARED BY: Assistant City Manager

RECOMMENDED ACTION: That the City Council approve the specifications and authorize advertisement for bids for the purchase of computer equipment for the Fire Department, and for the Public Works/Administration/Civic Center network expansion.

BACKGROUND INFORMATION: The approved 1994/95 Budget includes funding for the purchase of computers and printers for the Fire Department (\$15,000), and for expansion of the Civic Center network (\$26,750). The budget also includes funding for one personal computer for the Public Works' Department's Engineering Division (\$3,000).

In an effort to save staff time, standardize equipment and support, and maximize purchasing power, it is staff's recommendation that these previously approved items be consolidated, and advertised for bid as a group.

This purchase would add one new printer and replace four older personal computers currently in use at the Fire Department, allow existing PCs in the Personnel Department to connect through the Civic Center network, provide new PCs in the Administration Department to connect to the Civic Center Network, and expand the Civic Center network with a hard disk and a network hub.

Also included in this bid are network cards, memory upgrades, CD-ROM drive (for network software), and surge protectors.

FUNDING:	Capital Equipment:	
	Replacement (Fire):	\$10,000
	New (Fire)	5,000
	New (General Gov't):	26,950
	Public Works (10-302.01)	3,000

BID OPENING DATE: October 25, 1994

Jerry L. Glenn, Assistant City Manager

Prepared by Mark White, Information Systems Coordinator
