# COUNCIL COMMUNICATION

**AGENDA TITLE:** Contract Award for Civic Center Data/Telecommunication Cabling (\$107,274)

**MEETING DATE:** November 16, 1994

**PREPARED BY:** Public Works Director

**RECOMMENDED ACTION:** That the City Council adopt the attached resolution awarding the contract for the above project to Maverick Communications, Inc. of Hayward in the amount of \$107,273.50.

**BACKGROUND INFORMATION:** The data/telecommunication cabling is part of the overall Civic Center Improvements Project. As the remodeling of the City Hall Annex and Carnegie Forum basement are completed, and the four portable buildings are brought on-site for additional temporary office space, fiber optic data cable and telecommunication cable must be installed linking all facilities at the Civic Center. The Finance Department's IBM AS/400 computer will be relocated to the City Hall Annex and will maintain connection to necessary Civic Center facilities. The City Hall local area network (LAN) file server will be temporarily relocated to the portable buildings. Computer and telephone cutovers will be made to these new facilities. Phase I of this project consists of supplying the fiber optic and telephone cabling and connection devices, testing the system, and project management staff being available at the time of the cutover.

After the City Hall is remodeled, Phase II will involve pulling and connecting fiber optic and communication cabling to the City Hall building. The City Hall LAN file server will be moved back into City Hall and will be connected to all Civic Center facilities.

Requests for proposals were prepared by the City of Lodi and mailed on September 15, 1994. A mandatory vendor pre-bid conference was held September 23, 1994. Ten vendor representatives attended. Proposals were received by two vendors on October 21, 1994.
