

CITY COUNCIL MEETING
April 7, 1993

INVITATION TO PARTICIPATE IN THE
INTER-AGENCY TASK FORCE FOR HOUSEHOLD
HAZARDOUS WASTE EVENT

CC-24 (d)

Council Member Sieglock informed the public that the Inter-Agency Task Force for Household Hazardous Waste is holding an event in Lodi at the parking lot on the north side of the Grape Bowl on April 10, 1993 from 9:00 a.m. - 1:00 p.m. for people to bring any materials labeled "Caution".

San Joaquin County Residents

May Now Safely Dispose of Household Hazardous Wastes at Household Hazardous Waste Collection Events

San Joaquin County and the incorporated Cities of Lodi, Stockton, Manteca, Lathrop, Ripon, Escalon and Tracy are sponsoring an ongoing program of one-day collection events to provide household hazardous waste disposal opportunities for all County residents. Household hazardous wastes are products that contain toxic chemicals and are often labeled with CAUTION, TOXIC, DANGER, FLAMMABLE or POISON warnings. Paints, automotive products, pesticides and household cleaners are examples of these products, and they can create health and environmental risks when they are no longer wanted or are unusable.

Household hazardous waste needs to be disposed of safely and legally to protect human health and the environment. Household hazardous waste that is thrown in the trash can harm sanitation workers and start fires in garbage trucks. If poured down the sink or storm drain they can end up in our local waterways, polluting the air, water and soil. One of the many proper disposal methods is to bring those unwanted materials to a household hazardous waste collection day.

HOUSEHOLD HAZARDOUS WASTE COLLECTION DAYS ARE A FREE SERVICE AVAILABLE TO ALL SAN JOAQUIN COUNTY RESIDENTS

COUNTY-WIDE SCHEDULE FOR JANUARY 1993 - JUNE 1993

~ Please see reverse for event details, or call (209) 468-3066 for more information ~
