## COUNCIL COMMUNICATION

AGENDA TITLE: Conduct a Public Hearing to consider the reallocation of CDBG/HOME funds

MEETING DATE: November 20, 2002

PREPARED BY: Community Development Director

**RECOMMENDED ACTION:** That the City Council conduct a Public Hearing to consider the reallocation of CDBG/HOME funds to the Housing Authority of San Joaquin County. Staff is recommending that the Council adopt a resolution approving a funding reallocation in the amount of \$65,363 upon the completion of the Public Hearing.

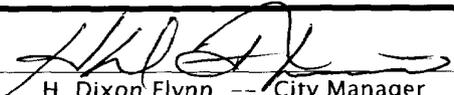

**BACKGROUND INFORMATION:** The Housing Authority of San Joaquin County is involved in the construction and rehabilitation of residential dwellings as part of their Welfare-To-Work Program. The benefit of this program is two-fold -- they provide job training in the construction trades to local welfare recipients and they create much needed affordable housing units.

The Housing Authority has also partnered with Lodi House, the local non-profit shelter which provides temporary shelter for homeless women and children, in order to provide transitional housing for those exiting the program at the Lodi House facility. To that end, the Housing Authority acquired a residential property at 719 South Washington Street which contains a 5-unit apartment building and a separate single-family dwelling. Following that acquisition, the Housing Authority invested \$95,000 in the rehabilitation of the units within the 5-unit apartment building. Due to the extent of the repairs of those first 5 apartment units, there was no further funding available for the rehabilitation of the single-family dwelling, which would require extensive structural repair and complete renovation.

The Housing Authority applied for CDBG/HOME funds for the 2002/03 Program year in order to complete that rehabilitation. Upon review of that application, it was determined that the amount of funding requested was excessive for the rehabilitation of an existing unit. It has been a policy of our Housing Rehabilitation Program to demolish the existing dwelling and rebuild a new dwelling rather than invest that amount of money into the existing dwelling. We communicated to the Housing Authority that they could re-work their project to include the demolition of the existing dwelling and reconstruction of a new dwelling unit and then resubmit their application for the possible reallocation of funds.

The Housing Authority has returned with this request for \$82,363.00 for that project. The Housing Authority is proposing a panelized dwelling unit using structural insulated panels to lower the operating cost of the unit and speed up the construction timeframe. Furthermore, the project will demonstrate innovative construction systems that provide energy conservation benefits.

H. Dixon Flynn -- City Manager

Dear Mr. Pizano,

We are pleased and excited about your decision to rehabilitate the house at 719 S. Washington St. for the use of Lodi House. As a shelter for homeless women and children, we appreciate your support in helping us reach out to those in need.

It has been a problem finding housing in Lodi for our low-income families, so we are thrilled to know that this house will be available in the future. Thank you for thinking of us.

Sincerely,

*Suzanne Clay*
