AGENDA TITLE: Adopt Resolution Approving Plans and Specifications and Authorizing Advertisement for Bids for the Standby Generator at Well 22 and Authorizing the City Manager to Award the Contract (Up to \$150,000)

MEETING DATE: March 17, 2004

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council adopt a resolution approving the plans and specifications for the above project, authorize advertising for bids, and authorizing award of the contract by the City Manager up to \$150,000.

BACKGROUND INFORMATION: This project will furnish and install a standby generator at Well Site 22. The water system technical report done for the 1991 General Plan recommended that one-third of the City wells be equipped with standby power, since the system has minimal above ground storage. The City currently has 24 active wells with six standby generators. Additional generators will be added in the future to provide the City with back-up power at one-third of our well sites.

The plans and specifications will be on file in the Public Works Department.

FUNDING: The money for this project will be coming from the Water Capital Outlay Fund.

Project Estimate: \$150,000
Budgeted: 2003/04 fiscal year
Planned Bid Opening Date: May 5, 2004
