

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Adopt Resolution Awarding Contract for Turner Road Asphalt Concrete Resurfacing, 200 Feet West of Pleasant Avenue to Highway 99 Overpass, to George Reed, Inc., of Lodi (\$777,780); and Appropriate Funds

MEETING DATE: March 5, 2003

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council adopt a resolution awarding the contract for the above project to George Reed, Inc., of Lodi, in the amount of \$777,777.00 and appropriate funds in accordance with the recommendation shown below.

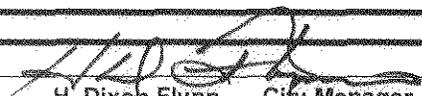

BACKGROUND INFORMATION: This project consists of removing and replacing approximately 198,800 square feet of asphalt concrete pavement; removing approximately 8,000 square feet of portland cement concrete pavement and replacing it with asphalt concrete pavement at the Sacramento Street intersection; constructing landscaped medians; crack sealing; pavement striping; traffic signal modifications; and other incidental and related work, all as shown on the plans and specifications for the project.

The optional work items included landscaping and irrigation costs for the new medians being constructed in Turner Road. They were shown as an option due to cost constraints with the STIP funding. Another optional bid item was crack sealing of the joints in the concrete railroad underpass. We propose to include this work, along with profile grinding the surface of the underpass roadway, to improve the ride and quietness. The profile grinding will be done as a separate contract and is estimated to cost \$26,000.00.

Plans and specifications for this project were approved on December 18, 2002. The City received the following nine bids (total base bid plus all optional work) for this project:

Bidder	Location	Bid
Engineer's Estimate		\$ 847,744.00
George Reed, Inc.	Lodi	\$ 777,777.00
Granite Construction	Watsonville	\$ 783,324.00
