

**CITY OF LODI
COUNCIL COMMUNICATION**

AGENDA TITLE: Adopt Resolution Authorizing Sole Supplier Ingersoll Rand Security Technologies, of Pleasanton, to Provide Previously-Approved Transit Security Improvements and Appropriating Funds (\$42,850)
MEETING DATE: September 3, 2008
PREPARED BY: Public Works Director

RECOMMENDED ACTION: Adopt a resolution authorizing sole supplier Ingersoll Rand Security Technologies, of Pleasanton, to provide previously-approved Transit Security Improvements in the amount of \$42,850 and appropriating funds as shown below.

BACKGROUND INFORMATION: With the voter approval of Proposition 1B, which provided bond funding for Transportation projects, several classifications of funding were established by the California Legislature. One of the categories included in the bond funding was for transit security improvements. The City Council authorized submittal of the grant in May 2008 for a key card access system and cameras at the Lodi Station. The grant was approved and \$53,731 was received in July. Staff will return to Council at a future date to award a contract for the camera purchase.

The Transit Security Improvements at Lodi Station include the installation of wireless key card access on each of the buildings at the Lodi Multi-Modal Station. In addition, the improvements will include a badging station and key cards for all transit employees and drivers of transit systems using the breakroom. The system will restrict access to those rooms to only those whose keys unlock the door. Currently, the system uses a cipher lock which can potentially allow for the code to be passed to others.

Whereas Lodi Municipal Code §3.20.070 authorizes dispensing with bids for purchase of supplies, services or equipment when it is in the best interest of the City to do so, staff recommends that Council authorize Ingersoll Rand Security Technologies to provide the security improvements at the Lodi Station as the sole supplier. Ingersoll Rand installed and maintains the key access systems for the Lodi Police Department and for the Municipal Service Center. The system proposed for the Lodi Station will be consistent with the two other systems to allow for interoperability.

FISCAL IMPACT: The City of Lodi has already received the funding for this project. Failure to award a contract would result in the need to return the funding.

FUNDING AVAILABLE: Requested Appropriation: \$42,850 from the 1252 fund

A RESOLUTION OF THE LODI CITY COUNCIL AUTHORIZING
TRANSIT SECURITY IMPROVEMENTS BY SOLE SUPPLIER
AND FURTHER APPROPRIATING FUNDS

WHEREAS, with the voter approval of Proposition 1B, which provided bond funding for transportation projects, several classifications of funding were established by the California Legislature, one of the categories included in the bond funding was for transit security improvements; and

WHEREAS, the Lodi City Council authorized submittal of the grant in May 2008 for a key card access system at the Lodi Station. The grant was approved and \$53,731 was received in July; and

WHEREAS, the transit security improvements at Lodi Station include the installation of wireless key card access on each of the buildings at the Lodi Multi-Modal Station. In addition, the improvements will include a badging station and key cards for all transit employees and drivers of transit systems using the breakroom; and

WHEREAS, Ingersoll Rand installed and maintains the key access systems for the Lodi Police Department and for the Municipal Service Center. The system proposed for the Lodi Station will be consistent with the two other systems to allow for interoperability; and

WHEREAS, Lodi Municipal Code Section 3.20.070 authorizes dispensing with bids for purchases of supplies, services, or equipment when it is in the best interest of the City to do so; and

WHEREAS, staff recommends that Council authorize Ingersoll Rand Security Technologies to provide the security improvements at the Lodi Station as the sole supplier.

NOW, THEREFORE, BE IT RESOLVED that the Lodi City Council does hereby authorize sole supplier Ingersoll Rand Security Technologies, of Pleasanton, California, to provide transit security improvements in the amount of \$42,850; and

BE IT FURTHER RESOLVED that funds in the amount of \$42,850 be appropriated from the Transit 1252 fund for this project.

Dated: September 3, 2008

I hereby certify that Resolution No. 2008-175 **was** passed and adopted by the City Council of the City of Lodi in a regular meeting held September 3, 2008, by the following vote:

AYES: COUNCIL MEMBERS – Hansen, Hitchcock, Johnson, Katzakian, and Mayor Mounce

NOES: COUNCIL MEMBERS – None

ABSENT: COUNCIL MEMBERS – None

ABSTAIN: COUNCIL MEMBERS – None

RANDI JOHL
City Clerk
