

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Traffic Resolution Amendment - Elm Street West of Church Street, Parking Restriction Modification

MEETING DATE: June 5, 1991

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council amend the Traffic Resolution #87-163 to modify the parking restrictions on the south side of Elm Street from 72' west of Church Street to 114' west of Church Street (two parking stalls) from emergency vehicle parking to two-hour parking as shown on the attached map.

BACKGROUND INFORMATION: Emergency vehicle parking stalls on the south side of Elm Street were provided for use by Fire and Police Department vehicles. Some of these parking stalls were used by the Fire Prevention Department. Recently the Fire Prevention Department office was relocated from the Fire Station to the City-owned building on the north side of Elm Street. Parking at this location is available on-site and at the Elm Street Parking Lot. The Elm Street Parking Lot contains 41 parking stalls for City vehicles and City employee permit parking only. Future plans are to add approximately four Fire Department only parking stalls to this lot.

Recommendation: Due to the relocation of the Fire Prevention Department office, two of the eight emergency vehicle parking stalls are no longer needed. Based on this and the need for public parking in the downtown area, staff recommends that the two emergency parking stalls be modified to two-hour parking.

FUNDING: Funding for this modification to be provided from the Street Maintenance Account at an approximate cost of \$200.00.

Jack L. Ronsko
Public Works Director
