He also stated parking on the bridge near the Department of Motor Vehicles (DMV) facility is prohibited and the City does not benefit from tickets issued for State Code violations. In response to Council Member Hansen, Mr. King stated DMV is proceeding with the relocation to

Because WE Deserve Better!

There's something about a march that is very powerful. It's a powerful weapon, a powerful organizing tool, and it has a powerful influence on those who participate.
-Cesar Chavez

It's time to ensure a better, brighter California

The people of California want and deserve public education, safe streets and workplaces, affordable healthcare, public parks and libraries, and clean water. Those of us who grew up with the California dream want our children to have the same chance at a decent life. Unfortunately a small group of legislators are starving public services year after year by blocking the passage of fair taxes and an adequate budget.

The March for California's Future will focus attention on the problems being caused by inadequate funding to local and state services. Our message is clear-government officials need to fight for the public's interest now and stop starving our public services. The budget can be repaired with fair tax increases on the wealthy and closing corporate tax loopholes.

AFSCME Council 57 is urging all Locals to get involved and make this historical effort to save our services and our State a huge success. You can do this by signing on to support the march, greeting and walking with the marchers along the route, organizing a rally or press conference, having a barbecue or picnic for California's Future, inviting the marchers to speak to your union, congregation or club, meeting with legislators in your district, or simply talking about the march to your co-workers and neighbors. Sign up to help today!

The March for California Future will leave from Bakersfield on March 5th and ends up in Sacramento for a huge rally on the April 21st.

Beginning April 13th, the March for California's Future will pass through Lodi and on to Elk Grove, ending in Sacramento.
