TO: THE CITY COUNCIL  
FROM: THE CITY MANAGER'S OFFICE

COUNCIL MEETING DATE:  
JUNE 6, 1990

SUBJECT: ADOPTION OF ORDINANCE NO. 1488 - AN ORDINANCE OF THE LODI CITY COUNCIL  
REGULATING OR PROHIBITING SMOKING IN CERTAIN PUBLIC PLACES AND IN PLACES OF  
EMPLOYMENT

Ordinance No. 1488 - "An Ordinance of the Lodi City Council Regulating or Prohibiting Smoking in Certain Public Places and in Places of Employment" was introduced at the regular meeting of the Lodi City Council held May 16, 1990.

Pursuant to State statute, ordinances may be adopted five days after their introduction following reading by title.

This Ordinance has been approved as to form by the City Attorney.

RECOMMENDED ACTION: Following reading by title, it would be appropriate for the Lodi City Council to adopt Ordinance No. 1488.

ORDINANCE NO. 1488

AN ORDINANCE OF THE LODI CITY COUNCIL  
REGULATING OR PROHIBITING SMOKING IN CERTAIN PUBLIC PLACES  
AND IN PLACES OF EMPLOYMENT

=====

BE IT ORDAINED BY THE LODI CITY COUNCIL AS FOLLOWS:

SECTION 1. Lodi Municipal Code Title 8 - Health and Safety - is hereby amended by adding a new Chapter 8.16 regarding the regulation of smoking, as follows:

- SEC. 8.16.010 Title.
- SEC. 8.16.020 Findings and Purpose
- SEC. 8.16.030 Definitions
- SEC. 8.16.040 Prohibition of Smoking in Public Places
- SEC. 8.16.050 Regulation of Smoking in Places of Employment
- SEC. 8.16.060 Where Smoking Not Regulated
- SEC. 8.16.070 Posting of Signs
- SEC. 8.16.080 Enforcement
- SEC. 8.16.090 Violations and Penalties
- SEC. 8.16.100 Non-retaliation
- SEC. 8.16.110 Governmental Agency Cooperation
- SEC. 8.16.120 Other Applicable Laws
- SEC. 8.16.130 Severability
- SEC. 8.16.140 Effective Date

Sec. 8.16.010 TITLE.

This chapter shall be known as the Smoking Pollution Control Ordinance.

Sec. 8.16.020 FINDINGS AND PURPOSE.

The Lodi City Council hereby finds that:

Numerous studies have found that tobacco smoke is a major contributor to indoor air pollution; and

Reliable studies have shown that breathing second-hand smoke is a significant health hazard for certain population groups, including elderly people, individuals with cardiovascular disease, and individuals with impaired respiratory function, including asthmatics and those with obstructive airway disease; and

Health hazards induced by breathing second-hand smoke include lung cancer, respiratory infection, decreased exercise tolerance, decreased respiratory function, bronchoconstriction, and broncho-spasm; and

Nonsmokers with allergies, respiratory diseases and those who suffer other ill effects of breathing second-hand smoke may experience a loss of job productivity or may be forced to take periodic sick leave because of adverse reactions to same; and

Numerous studies have shown that a majority of both nonsmokers and smokers desire to have restrictions on smoking on public places and places of employment.

Smoking is a documented cause of fires; and cigarette and cigar burns and ash stains on merchandise and fixtures cause economic losses to businesses.

Accordingly, the City Council finds and declares that the purposes of this ordinance are 1) to protect the public health and welfare by prohibiting smoking in specified public places by regulating smoking in places of employment; and 2) to strike a reasonable balance between the needs of smokers and the need of nonsmokers to breathe smoke-free air, and to recognize that, where these needs conflict, the need to breathe smoke-free air shall have priority.

Sec. 8.16.030 DEFINITIONS.

The following words and phrases, whenever used in this chapter, shall be construed as defined in this section:

1. "Bar" means an area which is devoted to the serving of alcoholic beverages and in which the service of food is only incidental to the consumption of such beverages.
2. "Business" means any sole proprietorship, partnership, joint venture, corporation or other business entity formed for profit-making purposes, including retail establishments where goods or services are sold as well as professional corporations and other entities where legal, medical, dental, engineering, architectural, or other professional services are delivered.

3. "Dining Area" means any enclosed area containing a counter or tables upon which meals are served.
4. "Employee" means any person who is employed by any employer in consideration for direct or indirect monetary wages or profit, and any person who volunteers his or her services for a nonprofit entity.
5. "Employer" means any person, partnership, corporation, or nonprofit entity, including a municipal corporation, who employs the services of one or more persons.
6. "Enclosed" means closed in by roof and four walls with appropriate openings for ingress and egress.
7. "Nonprofit Entity" means any corporation, unincorporated association, or other entity created for charitable, educational, political, social, or other similar purposes, the net proceeds from the operations of which are committed to the promotion of the objects or purposes of the organization and not to private financial gain. A public agency is not a "nonprofit entity" within the meaning of this section.
8. "Place of Employment" means any enclosed area under the control of a public or private employer which employees normally frequent during the course of employment, including but not limited to, work areas, employee lounges, and

restrooms, conference and class rooms, cafeterias and hallways. Except:

- a. A private residence is not a place of employment, unless it is used as a child care or a health care facility.
- 
9. "Public Place" means any enclosed area to which the public is invited or in which the public is permitted, including, but not limited to: banks, educational facilities, health facilities, public transportation facilities, reception areas, restaurants, retail food production and marketing establishments, retail service establishments, retail stores, theaters, and waiting rooms.
  10. "Restaurant" means any coffee shop, cafeteria, tavern, sandwich stand, soda fountain, private or public school cafeteria, and any other eating establishment, organization, club, boardinghouse, or guesthouse, which gives or offers food *for sale* to the public, guests, patrons, or employees, except that the term "restaurant" shall not include a cocktail lounge or tavern if said cocktail lounge or tavern is a "bar" as defined in Section 8.16.030 (1).

11. "Retail Tobacco Store" means a retail store utilized primarily for the sale of tobacco products and accessories.
12. "Service Line" means any indoor line at which one or more persons are waiting for or receiving service of any kind, whether or not such service includes the exchange of money.
13. "Smoking" means inhaling, exhaling, burning, or carrying any lighted pipe, cigar, or cigarette **of** any kind.
14. "Sports **Arena**" means sports pavilions, gymnasiums, health spas, boxing arenas, swimming pools, roller and ice rinks, bowling alleys and other similar places where members of the public assemble to engage in physical exercise, participate in athletic competition, or witness sports events.

Sec. 8.16.040 PROHIBITION OF SMOKING IN PUBLIC PLACES.

- A. Smoking shall be prohibited in all enclosed public places within the City, including, but not limited to the following places:
  1. Elevators and restrooms.
  2. Buses, taxicabs **and** other means of public transit under the authority of the City, and in ticket, boarding, and waiting areas of public transit depots.
  3. Service lines.

4. Retail stores, **except** areas in said stores not open to the public and all areas within retail tobacco stores.
5. Retail food marketing establishments, including grocery stores and supermarkets, **except** those areas not open to the public, which may be otherwise regulated by this chapter.
6. All areas available to and customarily used by the general public in all businesses and nonprofit entities patronized by the public, including, but not limited to, business offices, banks, hotels and motels.
7. Restaurants.
8. Any building not open to the sky which is used primarily as a museum or for exhibiting any motion picture, stage drama, lecture, musical recital or other similar performance, except **when** smoking is part of any such production.
9. Enclosed sports arenas and convention halls.
10. Every room, chamber, and place of meeting or public assembly, including school buildings under the control of any board, council, commission, committee, or agencies of the City or any political subdivision of the State during such time as a public meeting is in progress, to the extent such place is subject to the jurisdiction of the City.

11. Doctors' offices, dentists' offices, waiting rooms, hallways, wards, and semi-private rooms of health facilities, including, but not limited to, hospitals, clinics, and physical therapy facilities. In bed space areas of health facilities used for two or more patients, smoking shall be prohibited unless all patients within the room are smokers and request in writing upon the health care facility's admission forms to be placed in a room where smoking is permitted.

12. Polling Places.

B. Notwithstanding any other provision of this section, any owner, operator, manager or other person who controls any establishment described in this section may declare that entire establishment as a nonsmoking establishment. Further, provided that notwithstanding this chapter, the owner or person who controls such establishment may, but is not required to set aside in any facility described in this section, a separate room with walls and doors reasonably impermeable to tobacco smoke for use as an employee lounge or break room.

Sec. 8.16.050 REGULATION OF SMOKING IN PLACES OF EMPLOYMENT.

- A. It shall be the responsibility of employers to provide smoke-free areas for nonsmoking employees within existing facilities to the maximum extent possible, but employers are not required to incur any expense to make structural or other physical modifications in providing these areas.
- B. Within 60 days of the effective date of this chapter, each employer and each place of employment located within the City shall adopt, implement, make known and maintain a written smoking policy, which shall contain at a minimum the following requirements:
1. Any employee in a place of employment shall have the right to designate his or her work area as a nonsmoking area and to post the same with an appropriate sign or signs, to be provided by the employer.
  2. Prohibition of smoking in auditoriums, classrooms, conference and meeting rooms, elevators, hallways, medical facilities, and restrooms.
  3. Provision and maintenance of separate and contiguous nonsmoking areas of not less than fifty percent of the seating capacity and floor space in cafeterias, lunchrooms and employee lounges or provision and maintenance of separate and equal-sized cafeterias, lunchrooms and employee lounges for smokers and nonsmokers.

4. In any **dispute arising under this smoking** policy, the health concerns **of the nonsmoker shall be given precedence.**
- C. The "smoking policy **shall** be communicated to all **employees within** three weeks of **its adoption.**
- D. All employers shall supply a written copy of the smoking policy to any prospective employee.
- E. Notwithstanding any other provisions **of** this section, every employer shall have the right to designate any place of employment, or any portion thereof, as a nonsmoking area.

Sec. 8.16.060 WHERE SMOKING NOT REGULATED.

- A. Notwithstanding any other provisions of this Ordinance to the contrary, the following areas shall not be subject to the smoking restrictions of this chapter:
1. Bars.
  2. Private residences, except when used as a child care or a health care facility.
  3. Hotel and motel rooms rented to guests.
  4. Retail tobacco stores.

5. Restaurant, hotel and motel conference or meeting rooms, and public and private assembly rooms while these places are being used for private functions.
  6. A private enclosed place occupied exclusively by smokers, even though such a place may be visited by nonsmokers.
- B. Notwithstanding any other provision of this section, any owner, operator, manager, or other person who controls any establishment described in this section *may* declare that entire establishment, or any portion thereof, as a nonsmoking establishment.

Sec. 8.16.070 POSTING OF SIGNS.

- A. "Smoking" or "No Smoking" signs, whichever are appropriate, with letters of not less than 1" in height or the international "No Smoking" symbol (consisting of a pictorial representation of a burning cigarette enclosed in a red circle with a red bar across it) shall be clearly, sufficiently and conspicuously posted in every building or other place where smoking is controlled by this chapter, by the owner, operator, manager or other person having control of such building or other place.
- B. Every theater owner, manager or operator shall conspicuously post signs in the lobby stating that smoking is prohibited within the

theater Or auditorium, and in the case of motion picture theaters, such information shall be shown upon the screen for at least five seconds prior to the showing of each feature motion picture.

Sec. 8.16.080 ENFORCEMENT.

- A. Enforcement shall be implemented by the Fire Marshal.
- B. Any citizen who desires to register a complaint hereunder may initiate enforcement with the Fire Marshal.
- C. Any owner, manager, operator or employer of any establishment controlled by this chapter shall have the right to inform persons violating this chapter of the appropriate provisions thereof.
- D. Notwithstanding any other provisions of this chapter, a private citizen may bring legal action to enforce this chapter.

Sec. 8.16.090 VIOLATIONS AND PENALTIES.

- A. It shall be unlawful for any person who owns, manages, operates or otherwise controls the use of any premises subject to the regulation under this chapter to fail to comply with its provisions.

- B. It shall be unlawful for any person to **smoke in any area restricted** by the provisions of this chapter.
- C. Any person who violates any provision of this chapter shall be guilty of an infraction, punishable by:
1. A fine, not exceeding \$100, for first violation;
  2. A fine, not exceeding \$200, for a **second violation** of this chapter within 1 year;
  3. A fine, not exceeding \$500, for each additional violation of this chapter within 1 year;

**Sec. 8.16.100 NON-RETALIATION.**

No person or employer shall discharge, refuse to hire, or in any manner, retaliate against any employee or applicant for employment because such employee or applicant exercises any rights afforded by this chapter.

**Sec. 8.16.110 GOVERNMENTAL AGENCY COOPERATION.**

The City Manager shall annually request other governmental and educational agencies having facilities within the City to establish local operating procedures in cooperation and compliance with this chapter. The City Manager shall urge Federal, State, County and special school district agencies to enforce their existing smoking

control regulations **and** to comply voluntarily with this chapter.

Sec. 8.16.120 OTHER APPLICABLE LAWS.

This chapter shall not be interpreted or construed **to permit** smoking where it is otherwise restricted **by** other applicable laws.

Sec. 8.16.130 SEVERABILITY.

If any provision or clause **of** this Ordinance or the application thereof to any person or circumstances held to be unconstitutional or to be otherwise invalid by any court of competent jurisdiction, such invalidity shall not affect other Ordinance provisions or clauses or applications thereof which can be implemented without the invalid provision or clause or application, and to this end the provisions and clauses **of** this Ordinance are declared to be severable.

Sec. 8.16.140 EFFECTIVE DATE.

This chapter shall **be** in force and take effect thirty (30) days from and after its passage and approval.

SECTION 2. All ordinances and parts of ordinances in conflict herewith are repealed insofar as such conflict may exist.

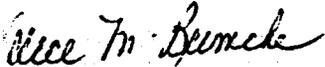

**SECTION 3.** This ordinance shall be published one time in the "Lodi News Sentinel", a daily newspaper of general circulation printed and published in the City of Lodi.

Approved this 6th day of June 1990

## SUGGESTIONS FOR COMPROMISE ON SMOKING BAN

PRIORITY: TO WORK TOGETHER TO SOLVE THE PROBLEM

The main problem is that the smoke is not being filtered adequately in smoking sections of business' which affects both the non-smoking sections and the service people (clerks, waiters, waitress and etc) who are forced to breathe it during their entire shift.

I propose that a program be set up with a probationary period. (3, 6, 9 or/and 12 months) At the end of the set period there will be a meeting of the business' involved, representatives of service people, the committee\*\* and council members to evaluate the effectiveness of the program.

-- the business' on this program would have to purchase portable air filters and or other exhaust systems place them in the smoking section. The number of filters and location would be initially designated by the the County Health Department or a similar City official. These air filters must be on and running the entire time the the smoking section is open. Some business' may already have such systems and only need inspection to be on the program. (Perhaps one of our local business can get these filters at cost for the program...)

-- the city can encourage this program by off-setting the cost, running, maintenance and repurchase of the filters by a (across the board) percentage off of the electric bill of the business. (the percentage being determined by the City Council and Utilities) The city can also be the leaders in this movement by continuing to keep city-owned buildings non-smoking.

\*\* -- because there needs to be a 'watchdog' supervision of business' on the program: to make sure the filters are on and running, and that they are effective, I propose that a volunteer committee be formed of both smokers and non-smokers who would periodically make checks. These committees would be issued guidelines and cards and would note problems and improvements as well as the effectiveness of the systems. A city representative would run the committee,

-- business' that choose not to be on the program will automatically have a non-smoking policy. There would not be any exception to this rule.

Although this program may need modification, I feel it is a reasonable compromise to this problem, and if we all work together it will become the answer.1

Dear Sirs and Madame:

This letter is in reference to the recent decision by the City Council of "Silly City" Lodi to ban smoking in public places in the city of Lodi.

Not only are the smokers up in arms but the business people are up in arms also.

I do not live in Lodi but I work, play, shop and eat in Lodi. If you finalize the smoking ban I will no longer be playing and eating in Lodi. I may no longer shop in Lodi either.

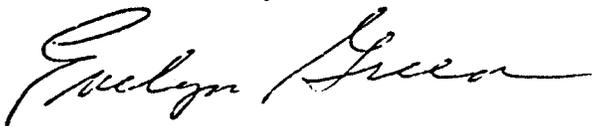

I eat out a lot but if I can't have a cigarette with my coffee I will make other arrangements. Every Dollar I don't spend in Lodi is lost tax money to Lodi.

Bingo is played 5 nights a week in Lodi. This a great fund raiser for the clubs who run these games. If we Bingo players can't smoke for the four or five hours we are there WE **will** just go out of town to play,

Enclosed please find a list of signatures of Bingo players who protest the smoking ban. This is only from the players on one night, Some like me are not Lodi residents, but many are registered voters in Lodi.

**MEMORANDUM**

**To: Honorable Mayor and Council Members**  
**From: Bob McNatt, City Attorney**  
**Date: May 23, 1990**  
**Subj: SMOKING ORDINANCE**

Since the introduction of Lodi's smoking ordinance at the May 16, 1990 Council meeting, I have received numerous inquiries from various persons and Organizations regarding its effect.

The Council may find it desirable to address three types of businesses which might be impacted by the smoking ordinance. Specifically, I have received inquiries from cardrooms, bowling alleys, and operators of bingo games. Experience seems to indicate that these are activities in which many participants smoke, and those present seem to assume that fact.

If the Council at the June 6, 1990 meeting desires to amend the ordinance introduced, I will have available a draft of the ordinance modified to exempt bowling alleys, cardrooms, and bingo halls. Should that be the case, the ordinance could be amended on the evening of June 6 and as amended would stand introduced. Its second reading would occur at the June 20 Council meeting and it would become effective July 19.

Respectfully submitted,

  
Bob McNatt

## ACTION ALERT

PRESORTED FIRST-CLASS  
259605939 3143

**\*\*\* URGENT \*\*\* YOUR RIGHTS IN DANGER \*\*\* URGENT \*\*\***

The City Council is very close to banning **smoking in public places in Lodi** — including every restaurant in town. If the new law passes, you wouldn't be able to smoke in stores, banks, hotels, theater lobbies or buses. Smoking would even be banned in bowling alleys, card rooms, bingo halls and community centers, and be restricted in the workplace.

What an outrage for people who live in America! The city is tearing apart your rights.

**Don't let them get away with it!** Call your city council members immediately to protest these outrageous new rules. Urge them not to eliminate smoking areas in restaurants and public buildings. Phone numbers for council members are:

Mayor **John Snider** 333-0901  
**Evelyn Olson** 369-8441

**David Hinchman** 333-1652  
**Fred Reid** 334-9396

**James Pinkerton, Jr.** 368-2012

On Wednesday, June 6, the City Council will vote on the new smoking bans. **It's** very important for smokers to attend the meeting and speak out for your rights. Plan to go to that meeting at **7:30 p.m. on June 6 at the Carnegie Forum, 305 Pine Street.**

States NOT under pollution control - AND you  
have Sacramento Street!!!

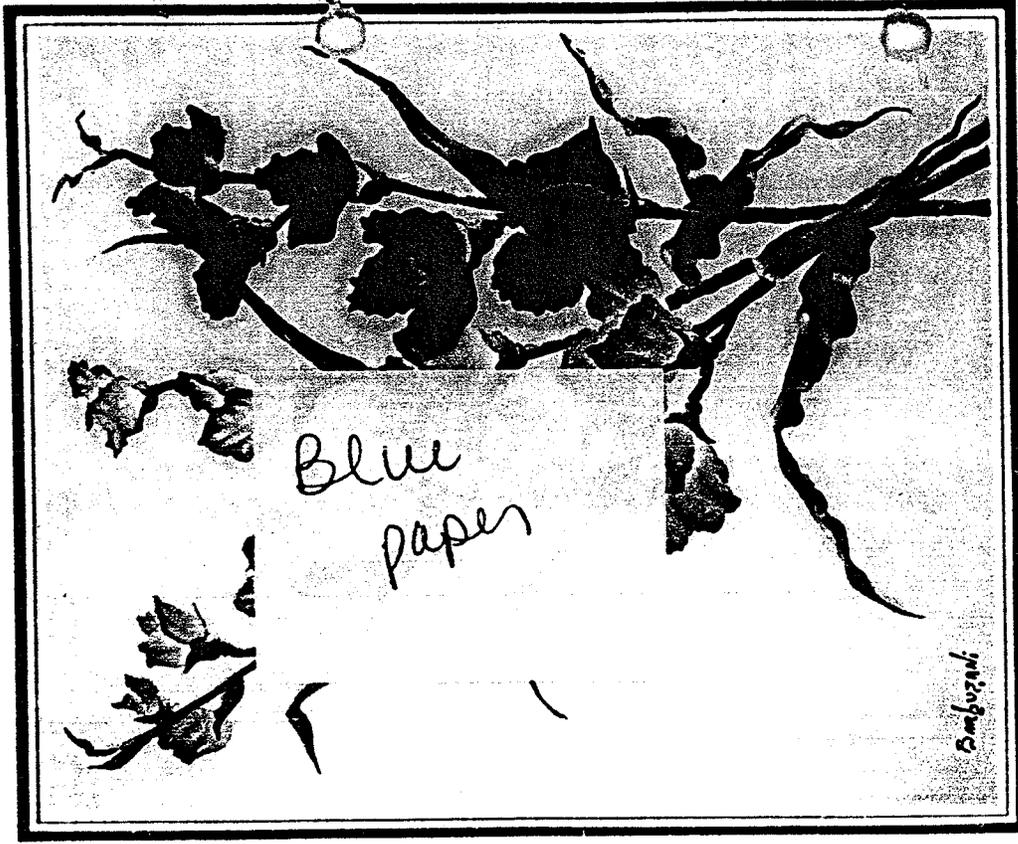

I live in Rural Lodi < Thank God > and I  
can tell you 1 Airplane filled with pesticide,  
or Weed control can pollute more air in  
one pass than millions of smokers. Sulphur  
one Vineyard near downtown - it drifts into  
the inner City.

I have been a good Citizen of Lodi for 50 years.  
I do volunteer work, I vote every Election Day. I  
have helped on Successful Campaigns in local

P.O. Box 1360

Dear Sir/Madam :

The City Council's decision to pass the No Smoking ban in all "public places", including private owned and operated businesses, is carrying authority too far.

This decision is going to hurt many, many small businesses. It wouldn't surprise me if some businesses moved outside the city limits, but there will be many that cannot afford to.

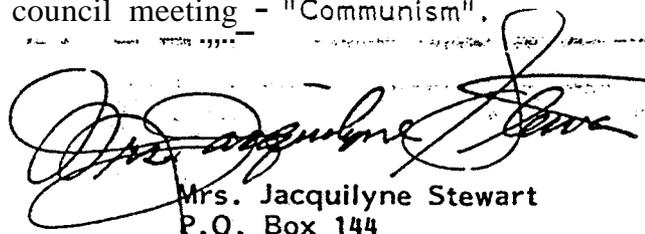

What happened to our "inalienable rights" to freedom of choice? This is still America. We the people are entitled to vote! Why doesn't the council put it up to the people to decide what they want? Let us vote on it and let it be the choice of the "majority", not the choice of the "four".

It is hard to imagine how four "city council" persons could take on the job of trying to be their "brothers keepers" without any thought of how the "brothers" were going to like it or not like it.

How come they don't come up with a ban on the sale of alcohol in the City? Alcohol and drugs are the big killers and that is a fact they cannot deny!

The next question is--how come people can still smoke in bars, they are public places too. Fair is fair!!! Oops, I forgot, they and their friends like to party and imbibe a little now and then so bars are O.K. They don't want to shut down their friends place of business.

As Mr. Allegre said at the council meeting - "Communism".

# And Smoke: Some Firm News

## Sew studies suggest it's leading cause of death

There's no denying that cigarettes are a lethal addiction: smoking kills more than six times as many Americans every year as died in the entire Vietnam War. But secondhand smoke remains a source of bitter contention. Is it really a public-health hazard, as the antismoking forces contend? Or is it just an annoyance? Four years ago, the U.S. Surgeon General's office and the National Research Council tackled the question. In separate reports, both firmly linked passive smoking to lung cancer. They also found that smokers' children suffered more than their share of respiratory infections. But neither panel tried to gauge the overall impact of passive smoking on the nation's health. The evidence was still too sketchy.

That was four years ago. The big picture is now becoming clearer, and two new studies suggest it's not going to be pretty. In a report to be released this month, the EPA will conclude that secondhand smoke is causing 3,800 lung-cancer deaths in the United States every year. If approved, the document will declare airborne tobacco smoke a "class-A carcinogen"—a substance known to cause cancer in humans. The second new study, by San Francisco heart researcher Stanton Glantz, suggests that lung cancer is only the beginning of the problem. Indeed, Glantz calculates that passive smoking causes 10 times as much heart disease as lung disease, making it the nation's third leading cause of preventable death. The only bigger killers, he says, are active smoking and alcohol abuse.

The new EPA report—based on results from 24 epidemiological studies, including 12 that weren't on hand in 1986—could carry a lot of political weight. An accompanying "guide to workplace smoking policies" will recommend that employers create separately ventilated smoking lounges, since segregation alone offers nonsmokers little protection. The EPA doesn't regulate cigarette smoke, but declaring it a known hazard could make way for tougher smoking ordinances. Already, Los Angeles City Councilman Marvin Braude has proposed an outright ban on smoking

RICHARD HUTCHINGS—PHOTORESEARCHERS

Playing with fire: Cigarettes may kill 50,000 nonsmoking Americans every year

in restaurants, saying the new studies take us "way beyond the days when restaurant smoking laws were introduced just to make dining a more pleasurable experience."

The Philip Morris company, a staunch opponent of such restrictions, has launched a pre-emptive strike against the EPA report but has succeeded mainly at drawing attention to it. In a press release, the firm implies that the EPA is neglecting a Yale University study that tends to exonerate passive smoking. Though that study, an unpublished 1987 Ph.D. dissertation, suggested that previous research may have overestimated the danger, it actually supported "the existence of a small-to-moderate effect of passive smoking on lung-cancer risks." And as Philip Morris concedes, the results were not in a form that could be integrated into the EPA's data pool.

The dissertation relied on data from a research project run by Yale epidemiologist Dwight Janerich, but it is the hat

word on the project. In a new paper, summarized in the printed program of a recent cancer conference, Janerich reported that the risk of lung cancer nearly doubled in subjects who were exposed to a given quantity of secondhand smoke during early life. By estimating the number of people so exposed and applying the risk factor, Janerich deduced that passive smoking may be responsible for 20 percent of all lung cancer in nonsmokers. That's a slightly higher estimate than the EPA came up with. Philip Morris spokesman Thomas Borelli speculates that Janerich "tortured the data" until it said what he wanted to hear.

**Heart disease:** Lung cancer aside, the accumulating evidence on heart disease should give the industry pause. By pooling and analyzing the results of 11 recent studies, Stanton Glantz and his collaborator, Dr. William Parmley, showed that living with a smoker has roughly the same effect on heart-disease mortality that it has on lung-cancer mortality: both rise by about 30 percent in the nonsmoker. But because heart disease is 10 times as prevalent as lung cancer, the same risk factor yields 30,000 to 40,000 annual deaths. Combining that toll with 2,000 to 4,000 lung-cancer deaths, and factoring in an estimated 10,000 deaths from nonlung cancers caused by passive smoking, Glantz gets a grand total of about 50,000 deaths. In short, one nonsmoker dies for every eight smokers.

Glantz is not the first scientist to reach this startling conclusion; another researcher, Judson Wells, published similar figures in 1966. But Glantz's paper is the most comprehensive review to date, and it goes beyond epidemiology to describe the mechanisms by which secondhand smoke might affect the heart. Viewed as a whole, he says, "the evidence on heart disease is stronger today than the evidence on lung cancer was in 1986." One shudders to think what the next round of studies will show.

We want to heartily commend you for making  
the decision of "NO SMOKING" in public places,  
etc! More power to you!

We do not live in Lodi, but smoking is a  
detriment to everyone's health, particularly  
to many persons with allergies caused by  
tobacco smoke.

(From "Bottom Line")

This article  
also points up another  
most important aspect!

Sincerely,

Ethelyn & Karl Irvin

Smoking costs as much as owning  
a car. A two-pack-a-day smoker spends  
\$2,245 on the habit per year. This breaks  
down to \$1,095 on cigarettes (at a cost  
of \$1.50 per pack) ... plus hidden  
costs—higher insurance premiums,  
medical and dental expenses, missed  
work, clothing and furniture damage,  
etc.—totaling about \$1,150 per year. The  
annual cost of upkeep for an automobile  
is about \$2,550.

To finally have the "right" to live  
w/o that pain.

I was so upset to see a

SUBJECT: Proposed Health Ordinances (a satire, overview)

Do you know how many people in Lodi would die if it wasn't for our City Council assuming the right to protect our health. Think how this will proliferate the population in Lodi. It all started within an element of Lodi and the Council acceded - Lodi business owners don't have any control right to declare their **own** business a smoking, **or**, a non-smoking establishment. And, that the people of Lodi are too stupid to read a posted sign; and too stupid to decide for themselves whether or not to **go** into an established place of business where second-hand smoke is present. The premise of the law is that the only solution is for the Council to control the health of a person, neighbor, friend or relative from **each** other. Smoking ~~is~~ was legal but it's stupid to smoke, and it's also stupid for non-smokers to willfully enter a smoking area, and then complain. Thus, to protect people from stupidity, the City Council enacted a stupid law - restricting our stupidity.

But, the Council has stopped short of further protecting our health. If the members of the council axe christians, and believe in the Bible, then they need to enact ever more protecting laws. They should forbid the consuming of swine flesh in every meal establishment open to the public in Lodi as it's "unclean to you" And, "ye shall not eat of their flesh". The legal authority for this is found in the Holy Bible, Leviticus **11:7**, Deuteronomy **14:8**; And, in Isaiah **66:17** it says if they eat the swine they shall be "consumed" in hell fire - and that is a lot more serious to ones health than smelling second-hand smoke. Ban the eating of pork.

And, another health protection law that needs to be enacted is the prohibition of jogging anywhere in the City of Lodi. Some doctors state that walking is good exercise but jogging can be harmful to your health. Joggers are also a hazard to the driving public in that joggers do their jogging in the streets and not on the sidewalk. They do things for health, but then they defiantly jog thru intersections disregarding the red traffic light, and that is a worse health hazard than smelling second-hand smoke. Imagine the legal liabilities of a driver who happens to hit one of those health-fad nuts. And, who gets rased in insurance rates! For the health and welfare of all, ban all jogging in Lodi.

I have more suggested decision rights of the peoples' health for the Council to take charge of after they enact those above. First infraction= \$100; 2nd= \$200; 3rd= \$500; and 4th= shoot-em! I have power to do all things, showeth the Lodi City Council, so, its believable that these suggested ordinances might be enacted.

I am proud and happy that we can still exercise our rights under the First Amendment, but, in doing so I do wish to keep those friends that I have left, so for now, my nom de plume is:

Mayor John "Randy" Snider  
and all City Council members

Dear Representatives for City of Lodi,

The proposed ban on smoking in public places is reprehensible to the rights of the citizens who smoke.

Letters to Editor of Lodi News Sentinel have definitely expressed opposition to this ban and offered valid points, including a large number of other products that can cause cancer other than tobacco products.

Our government forefathers actually subsidized tobacco farms many years ago.

I would state that I don't say it can't be harmful. But restaurants and all public places can install very inexpensive machines that will clean the air of all impurities.

Most smokers respect the rights of the non smoker. But, there are those ready and more than willing to jump on any band wagon that will gain publicity for them.

To ban smoking to the extent proposed is wrong - against the rights of others. Each day citizens are losing their rights - by one law or another.

You can be sure of one thing - I don't and won't vote for any candidate that destroys the rights of law abiding citizens. In sorry  
I can't attend your meeting.

George Barber  
Supervisor

Dear George,

Please intervene and save Lodi an expensive election.

Our City Council voted 4 to 1 to declare that Lodi be "smoke free" in most enclosed spaces. They took a responsible position and subsequent action for the Health of the citizenry. At the meeting all except one were verbally abused. Councilman Reid had been threatened with physical harm by telephone.

Since this is a Health problem as pointed out by the Surgeon Generals' office, why isn't it handled by the Health Department. The whole County should be taking action to protect the Health of all it's citizens.

The City Council of Lodi is taking all the flak and should be getting accolades. Mayor Snider handled the meeting with great class and decorum.

The attention by the Board of Supervisors could save a great and unnecessary expense.

We, the undersigned people, which includes smokers and non-smokers in the state of California, within the County of San Joaquin, and the Lodi area, resent the loss of our rights as individuals to exercise our constitutional guaranteed right to live our lives and make our own decisions as we so choose, and this also includes the right to spend or not to spend our money in the City of Lodi. No smoking in public places within the City Limits of Lodi could result in a loss of Cigarette taxes within the City Limits, could suffer the loss of cigarette sales in all stores, restaurants and vending machines, and could result in the loss of another 30-40% revenue from those in out-lying areas and another loss of 10-15% revenue from out of State Tourist. Smokers pay 60¢ excise tax on every pack of cigarettes purchased in the State of California, and non-smokers should be saying "Thank You" to Smokers who pay their share of a heavy tax burden that will be yours when all have quit smoking. We do not like Lodi's idea of separating Lodi from the rest of the County, nor the separation of smokers from non-smokers within the city limits of Lodi.

We the undersigned people, which includes smokers and non-smokers in the state of California, within the County of San Joaquin, and the Lodi area, resent the loss of our rights as individuals to exercise our constitutional guaranteed right to live our lives and make our own decisions as we so choose, and this also includes the right to spend or not to spend our money in the City of Lodi. No smoking in public places within the City Limits of Lodi could result in a loss of Cigarette taxes within the City Limits, could suffer the loss of cigarette sales in all stores, restaurants and vending machines, and could result in the loss of another 30-40% revenue from those in out-lying areas and another loss of 10-15% revenue from out of State Tourist. Smokers pay 60¢ excise tax on every pack of cigarettes purchased in the State of California, and non-smokers should be saying "Thank You" to Smokers who pay their share of a heavy tax burden that will be yours when all have quit smoking. We do not like Lodi's idea of segregating Lodi from the rest of the County, nor the segregation of smokers from non-smokers within the city limits of Lodi.

PETITION

We the undersigned people, which includes smokers and non-smokers in the state of California. within the County of San Joaquin, and the Lodi area, resent the loss of our rights an individuals to exercrise our constitutional guaranteed right to live our lives and make our own decisions as we so choose. and this also includes the right to spend or not to spend our Money in the City of Lodi. No smoking in public places within the City Limits of Lodi could result in a loss of Cigarette taxes within the City Limits, Could suffer the loss of cigarette sales in all stores, restaurants and vending machines. and could result in the loss of another 30-40% revenue from those in-out-lying areas and another loss of 10-15% revenue from out of State Tourist. Smokers pay 60¢ excise tax on every pack of cigarettes purchased in the State of California, and non-smokers should be saying "Thank You" to Smokers who pay their-share of a heavy tax. burden that will be yours when all have quit smoking. We do not like Lodi's idea of seppreating Lodi from the rest of the County, nor the seppreation of smokers from non-smokers with-- in the city limits of Lodi.

PETITION

We the undersigned people which includes smokers and non-smokers in the state of California, within the County of San Joaquin, and the Lodi area, resent the loss of our rights as individuals to exercise our constitutional guaranteed right to live our lives and make our own decisions as we so choose, and this also includes the right to spend or not to spend our money in the City of Lodi. No smoking in public places within the City Limits of Lodi could result in a loss of Cigarette taxes within the City Limits, could suffer the loss of cigarette sales in all stores, restaurants and vending machines, and could result in the loss of another 30-40% revenue from those in out-lying areas and another loss of 10-15% revenue from out of State Tourist. Smokers pay 60¢ excise tax on every pack of cigarettes purchased in the State of California, and non-smokers should be saying "Thank You" to Smokers who pay their share of a heavy tax burden that will be yours when all have quit smoking. We do not like Lodi's idea of segregating Lodi from the rest of the County, nor the segregation of smokers from non-smokers within the city limits of Lodi.
