RECOMMENDED ACTION: That the City Council accept the improvements under the "Well No. 16 Granular Activated Carbon Filters, Century Boulevard at WD Canal" contract, and direct the Public Works Director to file a Notice of Completion with the County Recorder's office.

BACKGROUND INFORMATION: The contract was awarded to Falco Construction of Stockton on November 6, 1991, in the amount of \$471,000. The contract has been completed in substantial conformance with the plans and specifications approved by the City Council.

The contract completion date was April 18, 1992, and the actual completion date was April 28, 1992. The final contract price was \$471,688. The difference between the contract amount and the final contract price is mainly due to minor changes in the pipe work and the removal of an existing man strip.
