Subject: Information regarding letter received from the State of California
Department of Transportation regarding the leasing of a building
between Galt and Lodi for a resident engineer's office

Following your request for additional information regarding this matter, Cal
Trans Property Manager, Gerald L. Wisenor, advises that Cal Trans has just let
bids for an \$8 million roadway rehabilitation program, northbound, between the
Mokelumne River and Dry Creek. The project will also include bridge widening
at Dry Creek.

It is anticipated that facilities will be leased in the Arbor Plaza Complex to
be used as a resident engineer's office.
