

# CITY OF LODI

PUBLIC WORKS DEPARTMENT

## COUNCIL COMMUNICATION

TO: City Council  
FROM: City Manager  
MEETING DATE: April 5, 1989  
AGENDA TITLE: Approve Specifications for Furniture for Carnegie Forum  
(305 West Fine Street) and Authorize Advertising for Bids

RECOMMENDED ACTION: That the City Council approve the specifications for the Carnegie Forum furniture and authorize advertising for bids.

BACKGROUND INFORMATION: The furniture specified will be for the following rooms in the Carnegie Forum:

Meeting Room

The furniture in the meeting room consists of three lounge chairs and a matching sofa, together with end table and coffee table.

Council Chamber and Overflow Seating Area

The furniture in the Council Chamber includes 7 high-back swivel chairs for the Council table, 6 mid-back swivel chairs for the staff tables and press area, and 50 upholstered chrome stacking chairs and moveable storage carts.

Conference Room

The furniture in the conference room includes a 16-foot conference table and 19 mid-back swivel chairs (same as staff and press chairs in Council Chamber).

The appropriate arrangements have been made so local bidders can bid these items. The specifications allow the City to award the bid by groups of items or by total bid of all items.

The types of chairs and furniture being specified were determined when the staff and Council representative met with our interior decorator, Miles Treaster, in San Francisco and spent a full day reviewing different product lines. The Public Works Department has in its files the catalogs and brochures showing the proposed furniture, together with the color and type of upholstery being specified. Pictures of the Council, staff, and stacking chairs are attached.

Once bids are received, the City may find that it is in its best interest to have a local manufacturer make a custom conference table and to purchase off-the-floor, in-stock furniture for the meeting room.

APPROVED:

  
THOMAS A. PETERSON, City Manager

COUNCIL CHAIR

B I R A N C H A I R S

Thoughtful is a word  
that speaks well for the  
Bira Chair Series.

You will perceive it in  
the carefully defined  
stitching pattern of the  
back panel, in the  
softened box silhouette  
and in the confident  
impression it expresses  
in an environment.

Thoughtful, too, for  
your comfort. A panel,  
perfectly set in the  
shaped polyurethane  
foam back, forms an  
extra element of sup-  
port. And the spacious  
seating area is gener-  
ously cushioned with  
foam.

A fully upholstered  
chair, the Bira makes

STAFF CHAIR
