## COUNCIL COMMUNICATION

TO : City Council  
FROM : City Manager  
MEETING DATE: July 6, 1988  
AGENDA TITLE: Approve Resolution Prohibiting Through Truck Travel on Turner Road

RECOMMENDED ACTION: That the City Council:

- a) adopt a resolution amending the Traffic Resolution to prohibit through trucks on Turner Road; and
- b) direct staff to work with other agencies regarding installation of appropriate signs on State Highways.

BACKGROUND INFORMATION: At its June 1, 1988 meeting, the City Council gave staff additional direction on prohibiting through trucks on Turner Road.

Based on this and past discussions, staff has prepared a resolution incorporating the following:

- ° Trips originating or terminating within the City limits are not affected;
- ° Through trips on Lower Sacramento Road are not affected (this involves the short piece of Turner Road connecting the offset segments of Lower Sacramento Road west of General Mills);
- ° Trucks may use Turner Road east of Highway 99 for access to Highway 99 on ramps (this is necessary because the ramps at Victor Road do not allow some trucks to make the eastbound to northbound and southbound to eastbound turns).

Examples of permitted and prohibited trips are shown on Exhibit A. Proposed signing is shown on Exhibit B.

A recommended resolution is attached. With a resolution in place, Caltrans has indicated they would install the appropriate signs on Highway 99. The actual sign wording must be approved by Caltrans. Caltrans was reluctant to install the appropriate signs on Interstate 5 since those ramps are in the County. However, with the proposed signing, additional signs on 1-5 may not

be necessary. Once we have the resolution and are clear on what is intended, staff can work with Caltrans (and the County if necessary) regarding the appropriate signing including Highway 99, I-5, and possibly Highway 12.
