

COUNCIL COMMUNICATION

TO: THE CITY COUNCIL
FROM: THE CITY MANAGERS OFFICE

COUNCIL MEETING DATE
DECEMBER 20, 1989

SUBJECT: APPOINTMENT OF INTEGRATED WASTE MANAGEMENT TASK FORCE REPRESENTATIVE

PREPARED BY: City Manager

RECOMMENDED ACTION: That the Mayor, with City Council concurrence, appoint a City Council representative to the County's Integrated Waste Management Task Force.

BACKGROUND INFORMATION: The Integrated Waste Management Act of 1989, established by Assembly Bill 939, requires cities and counties to prepare elements of a County-Wide Integrated Waste Management Plan by July 1, 1991. The act also requires cities and counties to appoint a Task Force to assist in coordinating the development of the various city and county elements to the Plan, and to assist in the siting of any additional transformation or disposal capacity that may be needed. The act requires that the Task force convene by March 1, 1990.

Developing the required plan according to the mandated timetable set out in the legislation will be a scheduling challenge. Therefore, it is important that the Task Force convene as early as possible.

The act provides as follows:

"The membership of the Task Force shall be determined by the Board of Supervisors and a majority of the cities within the county which contain a majority of the population of the county and may include representatives of the solid waste industry, environmental organizations, general public, special districts and affected governmental agencies."

The act deletes portions of the Government Code that established the Solid Waste Policy Committee which was made up of elected officials from each city and the County. The Solid Waste Policy Committee, along with a Technical Advisory Committee, was extremely successful in developing and revising the County Solid Waste Management Plan. The County recommends that this same system be used to develop the new Integrated Waste Management Plan.

Since the Task Force is charged with developing goals, policies, and procedures, it is suggested that its members consist of an elected official from each city and the County. The Task Force could then appoint a Technical Advisory Committee to assist in the actual preparation of the plan and its elements.

The meetings will probably be on an "on call" basis.

Respectfully submitted,

Thomas A. Peterson
City Manager

Dear Gene:

This is to advise you that at its regular meeting of December 20, 1989, the City Council appointed Mayor Pro Tempore David M. Hinchman as the City of Lodi's representative of the County's Integrated Waste Management Task Force.

You may direct correspondence to him at City Hall, 221 W. Pine Street, Lodi, CA 95240.

Sincerely,

Thomas A. Peterson
City Manager
