CITY OF LODI

COUNCIL COMMUNICATION

TO: City Council
FROM: City Manager
DATE: January 19, 1981
SUBJECT: Purchase of Four Vehicles through the State Cooperative Purchasing Program

RECOMMENDED ACTION: That the City Manager be authorized to purchase the four vehicles approved in the 1980-81 budget through the State Cooperative Purchasing Program.

BACKGROUND INFORMATION: In November 1980, specifications for these four vehicles were mailed to 18 dealers of used leased vehicles throughout the Lodi, Stockton and Sacramento areas; only one response for 2 of the 4 vehicles was received. The follow-up information received by staff from the bidders was as follows:

1. None of the bidders had a one-half ton pickup truck available in the lease fleet for sale. (Some bidders had used trade-in pickup trucks with high mileage and no maintenance records).
2. The majority of bidders had not received their new replacement 1981 models from the factory, and in turn have only a limited amount of year old 1980 model cars and station wagons available for sale at this time, and
3. Vehicles that were available in the lease fleet were 2 year-old 1979 high mileage vehicles which did not meet our specifications; one bidder, Senator Ford of Sacramento, had one sub-compact car and mid-size station wagon which in turn was sold by the bid opening date.

Information obtained this past week through the State Cooperative Purchasing Program will permit ordering and delivery of the four vehicles in approximately 10 weeks. The four vehicles may be purchased for a total of \$25,500. There was \$25,400 approved in the 1980-81 budget. The following is a summary of vehicles to be purchased by departments, including sales tax, and the 1-1/2% State program handling fee:
