SUBJECT: SINGLE-PHASE CAPACITOR UNITS - BID UD-E81-1

On Tuesday, January 27, 1981, bids were received for 23 - 200 KVAR, single-phase capacitors. A summary of the bids is shown on the attached recap sheet.

It is recommended that the bid be awarded to the second lowest bidder, General Electric Supply Co., Emeryville, in the amount of \$10,337.12. This bid is \$97.52 higher than the lowest bid of \$10,239.60 submitted by the McGraw-Edison Co., Burlingame, but its 10-week earlier delivery will permit the City to save at least \$600 in purchased power costs. Capacitors are installed on the City's electric system to improve its power factor, especially in the summer months. A discount for such improvement is provided in the wholesale rate schedule.

The cost estimate for this purchase was \$12,500.
