RECOMMENDED ACTION: That the City Council

Award the contract for the above project to McCay Construction in the amount of \$99,183.50, and appropriate an additional \$15,000 from the Federal Revenue Sharing Fund to complete the project.

BACKGROUND INFORMATION: This project includes the installation of new storm drains in the Roper, Palm, Grant and Crescent Avenues south of Turner Road. A 21" storm drain will be jacked across most of Turner Road at Roper Avenue and the "dip" where Roper Avenue meets Turner Road will be eliminated. In addition, drop inlet catch basins will be replaced with side inlet catch basins and new curb returns with wheelchair ramps will be installed at these locations. Any additional funds needed to complete the project will be requested at the time of award.

Plans and specifications for this project were approved on December 18, 1985. The City has received the following 10 bids for this project:
