DATE: January 31, 1985
SUBJECT: Request from Rotary to Complete Hutchins Median Project

In July 1984, we received the attached letter from the Lodi Lions Club indicating that they would not be able to complete the structural improvements on the Hutchins Street Median Project which they undertook.

Dear Mr. Robison:

The Board of Directors of the Lodi Rotary Club, at a recent meeting, voted to complete the construction of the Hutchins Street Median Arbor, located at Harney Lane and West Lane. We had been advised that our Club did not have to provide any funds but just the labor or complete the project. Our members expect to get started on the project as soon as weather permits.

Mr. Ted Molfino will be acting as project leader, so if you have any questions, feel free to contact him.

Sincerely,

Re: Hutchins Street Median Project

Attn: Mr. Jack Ronsko
Public Works Director

Dear Mr. Ronsko:

We regret the never-ending delays that have plagued in completion of this project. However we feel many of the delays were not totally our responsibility.

The landscaping was completed on the suggested date of 30 June 1984. At this time we no longer have the available expertise of manpower to safely complete the trellis. The equipment, specifically, is no longer available.

We regret our inability to perform this function, but we do hope our efforts have in some way assisted the City of Lodi in saving some of the monies needed for this civic project.

We wish to thank those city employees who have been instrumental in assisting us. They are to be commended for their efforts.

Very truly yours

Tim Bertsch
