COUNCIL REQUEST
60 DAY DELAY BY COUNTY
PRIOR TO IMPOSING
INCREASED GATE FEES FOR
INDUSTRIAL SOLID WASTE
DEPOSITS

Following introduction of the matter by Mayor Pro Tempore Reid and discussion, Council concurred that a letter should be forwarded immediately to the San Joaquin County Board of Supervisors requesting a 60 day delay before imposing increased gate fees for industrial solid waste deposits in order to give the City adequate time to review and analyze this matter.

Mayor Hinchman directed the City Manager to forward an immediate letter to the San Joaquin County Board of Supervisors requesting this delay.

February 20, 1986

The Honorable Douglass W. Wilhoit
Chairman, Board of Supervisors
County of San Joaquin
County Courthouse
222 East Weber Avenue, Room 703
Stockton, CA 95292

Dear Chairman Wilhoit:

The Lodi City Council, at its regular meeting of Wednesday, February 19, 1986, directed me to communicate to the Board of Supervisors its concern regarding the proposed increased refuse charges to industrial firms located within the Lodi city limits.

The City Council strongly urges your Board to delay the implementation of any refuse charge increases to Lodi's industrial firms for a period of 60 days. The purpose of this request is to provide the City of Lodi with time to conduct a thorough analysis of the entire refuse collection service in this city, encompassing all of the users -- residential, commercial and industrial. We do not dispute the fact that increased fees to some degree may be appropriate. However, we feel that any action regarding adjustments to charges to any customers within the City of Lodi should be made only after we have had the opportunity to comprehensively review the impact to the total user picture.

We appreciate your favorable consideration of this request. The City of Lodi will have a representative at the Board meeting of February 25, 1986 at which time we understand this matter will be discussed.

Sincerely,

Thomas A. Peterson
City Manager
