CITY COUNCIL MEETING

MARCH 2, 1983

COMMENTS BY CITY
COUNCIL MEMBERS

Council Member Pinkerton informed the Council that the United Downtown Improvement District Committee, following months of diligent effort, committee meetings, and general meetings will be circulating the petitions for the formation of the proposed Lodi Downtown Improvement District in the very near future. The improvement district includes the area bounded by Locust Street on the north, Lodi Avenue on the south, Church Street on the west, and the Southern Pacific Tracks on the east, and includes approximately 1,300,000 + square feet. The cost of the proposed improvements is estimated to be approximately \$400,000 to \$510,000 and includes beautification improvements of the Lodi Arch to the tracks on Pine Street and along the east side of Sacramento Street right-of-way; the restriping of School Street for diagonal parking; uniform (planned) street planting program throughout the central business district; intersection design with planters and repair and replacement of sidewalks in damaged areas. The UDID Committee has set a meeting to be held Thursday, March 10, 1983 at 7:30 p.m. in the Council Chambers to pass out the petitions for circulation. Council Member Pinkerton thanked the UDID Committee consisting of Jack Bowen, Stanley Hust, Barbara McWilliams, Fred Weybret, John Graffigna, Terry Knutson, and Harry Schumacher for their time and effort on behalf of this project.

PROPOSED DOWN-
TOWN IMPROVEMENT
DISTRICT

I am happy to report that the United Downtown Improvement District Committee, following months of diligent effort, committee meetings, and general meetings will be circulating the petitions for the formation of the proposed Lodi Downtown Improvement District in the very near future.

The improvement district includes that area bounded by Locust Street on the north, Lodi Avenue on the south, Church Street on the west, and the Southern Pacific tracks on the east, and includes approximately 1,476,000 square feet.

The cost of the proposed improvements is estimated to be approximately \$400,000 to \$510,000 and includes beautification improvements of the Lodi Arch to the tracks on Pine Street and along the east side of Sacramento Street right-of-way; the restriping of School Street for diagonal parking; uniform (planned) street planting program throughout the central business district; intersection design with planters, and repair and replacement of sidewalks in damaged areas.

I wish to thank the UDID Committee for their many hours of work. The Committee consists of:

Jack Bowen

Stanley Hust

Barbara McWilliams

Fred Weybret

John Graffigna

Terry Knutson

Harry Schumacher
