

# CITY OF LODI

PUBLIC WORKS DEPARTMENT

## COUNCIL COMMUNICATION

TO: City Council  
FROM: City Manager  
MEETING DATE: March 18, 1987  
AGENDA TITLE: Approve Consultant Agreement for Preparation of Environmental Impact Report for City's Wastewater Treatment Plant Expansion

RECOMMENDED ACTION: That the City Council authorize the City Manager to execute the attached agreement between the City of Lodi and Jones & Stokes Associates.

BACKGROUND INFORMATION: In the 1986/87 Capital Improvement Program, \$50,000 was budgeted for the preparation of an Environmental Impact Report (EIR) for the White Slough Water Pollution Control Facility expansion.

Attached is a copy of the agreement including contract, scope of work, schedule and compensation. Under this contract, the City will pay the consultant an amount not to exceed a sum of \$46,064 which will be billed on a time and material basis. It is estimated that it will take approximately ten months to complete the EIR work.

The Community Development Director, the firm of Black & Veatch, and I have had a number of meetings with Jones & Stokes Associates to tie down the exact scope of the work and to ensure that there was no overlap in the work that they're doing for the City of Lodi under the Eastside Study and the Lodi General Plan update.

The agreement has been reviewed and approved by the City Attorney, and the Community Development Director and the firm of Black & Veatch have reviewed and approved the scope of work and schedule.

Jack L. Ronsko  
Public Works Director
