COUNCIL COMMUNICATION

RECEIVED
ALCOCK & CO
PERMITTING

TO: THE CITY COUNCIL
FROM: Roger G. Houston
Chief Building Inspector
SUBJECT: Adoption of Ordinances

I have prepared various ordinances for adoption of the 1982 Uniform Building Code, the 1982 Uniform Plumbing Code, the 1982 Uniform Mechanical Code, the 1932 Uniform Fire Code, the 1982 Uniform Housing Code, the 1982 Uniform Code for the Abatement of Dangerous Buildings, and the 1981 National Electrical Code for your approval.

I have incorporated some minor changes in the ordinances which were last adopted in April, 1980.

1. The basic permit fee for plumbing, mechanical and electrical permits is being increased from \$5.00 and \$3.00 respectively to \$10.00. Currently, the permit fee to install a new 100-amp electrical service is \$3.00 for the basic fee and \$3.00 for the 100-amp service. A \$6.00 permit fee is not adequate to make an inspection of the electrical service, which may require a second inspection if violations are found on the first trip. Under the new fee schedule, this electrical permit would be increased from \$6.00 to \$13.00.
2. All canceled permits and requests for refund of permit fees will be subject to a \$35.00 administrative processing fee. The current cost to the City is \$35.00 to prepare a claim and issue a refund check. I see no reason to spend \$35.00 to refund a \$6.00 electrical permit or a \$7.00 solar water heater permit.
3. The permit fee for solar water heaters has been increased from \$2.00 to \$5.00 to help cover inspection costs.

Thank you for your consideration of these ordinances.

Every permit issued by the Chief Building Inspector under the provisions of this chapter shall expire by limitation and become null and void if the work authorized by such permit is not commenced within 180 days from the date of such permit, or if the work authorized by such permit is suspended or abandoned at any time after the work is commenced for a period of 180 days.
