

CITY COUNCIL MEETING

May 19, 1982

Council was apprised that Article XIII B of the California State Constitution specifies that appropriations made by governmental entities may increase annually by the change in population and the change in the U.S. Consumer Price Index or California per capita personal income, whichever is less.

-7-

The California Department of Finance is responsible for furnishing local jurisdictions the necessary data to establish appropriation limits. The State has given us the C.P.I. as 6.79 and Lodi's population increase as 3.85. The ratio of change is  $1.0679 \text{ (C.P.I.)} \times 1.0385 \text{ (Population)} = 1.1090$  (Change factor). The change factor of 1.1090 applied to the 1981-82 appropriation limit of \$9,468,985. then sets Lodi's 1982-83 appropriation limit at \$10,501,104.
