RES. NO. 81-59

Assistant City Manager Glenn apprised the Council that historically Council has been asked to appropriate funds for Dial-A-Ride as part of the Capital Budget. This year the Capital Budget was not presented to the City Council until October 15, 1981. At that time Council was involved with viewing the feasibility of providing a fixed route transit system and looking at funding through State transit assistance funds. Therefore, the decision was made to withhold making a specific appropriation of funds for Dial-A-Ride until these questions were resolved.

At this time Staff does not anticipate any changes in the City's transportation system during fiscal 1980-81, therefore, it is necessary to make an appropriation of funds for Dial-A-Ride.

On motion of Councilman Hughes, Katnich second, Council adopted Resolution No. 81-59 appropriating \$87,643 for 1980-81 transportation.
