II SLURRY SEAL  
APPROVED

THE SPECIFICATIONS FOR CLASS II SLURRY SEAL WERE  
APPROVED AND THE PURCHASING AGENT WAS AUTHORIZED  
TO ADVERTISE FOR BIDS THEREON.

# CITY OF LODI

## COUNCIL COMMUNICATION

TO: City Council  
FROM: City Manager  
DATE: May 26, 1981  
SUBJECT: Approval of Class II Slurry Seal Specifications

**RECOMMENDED ACTION:** That the City Council approve the specifications for Class II Slurry Seal and authorize the purchasing agent to advertise for bids to be received Wednesday, June 17, 1981.

**BACKGROUND INFORMATION:** In the 1980-81 Street and Alley Maintenance Program streets with an accumulative total of 529,915 square feet of pavement were selected for slurry sealing. The costs to accomplish the project was estimated to cost \$0.065 per square foot, a total cost of \$34,450.

Slurry sealing of the proposed streets was split into two groups. In August 1980 we sealed 393,135 square feet at a cost of \$0.041 per square foot, a total cost of \$16,398. On May 20, 1981, we received bids for the remaining 156,935 square feet at a cost of \$0.049 per square foot for a total cost of \$7,815 and a cost increase of 19% per square foot since the last bid was received in 1980.

Due to rapidly increasing costs it is recommended we utilize the remaining \$10,237 in the 1980-81 Slurry Sealing account to slurry seal a portion of the streets scheduled for sealing in the 1981-82 fiscal year.
