

CITY COUNCIL MEETING

JUNE 15, 1983

Ms. Deanna Enright, General Manager of Lodi Cable TV addressed the Council advising that Lodi Cable TV is announcing a change in channels carried, effective May 15, 1983. KRBK, Channel 31 from Sacramento has been carried by Lodi Cable TV since 1974 when it was KMUV, and then since 1981 as KRBK. Channel 31 has requested carriage under Federal Communication Commission rules as a must-carry channel. A must-carry channel, a channel within the local viewing area, must be carried as a basic service, available to all cable subscribers. Lodi Cable TV will move channel 31 from cable channel 17, which required a convertor or cable ready set to cable channel 4 on May 15, 1983 to comply with that request. Channel 4, KRON, San Francisco and channel 44, KBHK, San Francisco will no longer be seen on cable channel 4. KRON will be discontinued. Channel 44 is seen full-time on cable channel 22. Lodi Cable TV is preparing for future changes to our programming line-up as we plan new service additions later this year.

LODI CABLE TV
ANNOUNCES
PROGRAMMING
CHANGES

A lengthy discussion followed with questions being directed to Ms. Enright and to Staff. Members of the Council indicated their displeasure at the programming changes. Additional discussion followed regarding the Lodi Cable TV Franchise and the subject of cable television in general.

June 15, 1983
