AGREEMENTS TO  
R/W ACQUISITION  
FOR WEST LOCKE-  
FORD STREET PROJECT

Council was apprised that during the design process of the West Lockeford Street Project, it has become apparent that several small "corner cutoffs" and easements for overhead and underground lines are

- 5 -

necessary for proper design and construction. In total, seven parcels are affected, and the values will run from \$25.00 to \$150.00 with one parcel being valued at \$405.00.

Council authorized the City Manager and City Clerk to approve and execute agreements relating to the Lockeford Street Project, California to Ham Lane.

PUBLIC WORKS DEPARTMENT

## COUNCIL COMMUNICATION

**TO:** City Council  
**FROM:** City Manager  
**DATE:** June 11, 1982  
**SUBJECT:** Approve and Execute Agreements to R/W Acquisition for West Lockeford Street Project

**RECOMMENDED ACTION:** That the City Council authorize the City Manager and City Clerk to approve and execute agreements relating to the Lockeford Street project, California to Ham Lane.

**BACKGROUND INFORMATION:** During the design process it has become apparent that several small "corner cutoffs" and easements for overhead and underground lines are necessary for proper design and construction. In total, seven parcels are affected, and the values will run from \$25 to \$150 with one parcel being valued at \$405. We will attempt to get the parcels dedicated without cost. Rather than submit each of the parcels/agreements to the City Council, and perhaps holding up payments as much as three weeks, it would appear more efficient for the City Manager to execute on behalf of the City.

All necessary deeds will be in our hands prior to award of the contract.

Jack L. Ronsko  
Public Works Director
