

CITY COUNCIL MEETING  
JULY 3, 1985

CCOR  
PX 473

REQUEST FOR  
TRAFFIC CONTROL  
INSTALLATIONS  
CORNER OF TURNER  
AND CHURCH STREET  
AND RIVERGATE DRIVE

City Clerk Reimche presented a letter that had been received from Nicetas Penamore requesting that signal and/or stop lights be installed at the corner of Turner and Church Street and also Rivergate Drive. City Manager Peterson apprised the Council that this area will be included in the City's Signal Priority Study.

RECEIVED

ALICE M. REINICHE  
CITY CLERK  
CITY OF LODI

1217 Rivergate Drive  
Lodi, CA. 95240

June 21, 1985

The City Mayor  
Thru the City Council  
Pine Street  
Lodi, CA. 95240

Dear sir:

The corner of Turner & Church Roads and Rivergate Drive is quite a very busy street considering the number of vehicles coming and going Freeway 99. Also, there is a construction of single homes and condominiums in Rivergate Place which makes the said corner street much bussier.

In view of these, it is respectfully requested that "signal and/or stop lights" be installed, which I believe is a "must" to prevent accidents.

Thank you for your attention and consideration on this matter.

Very respectfully yours,

*N. Penamora*  
NICETAS PENAMORA  
(Concerned Citizen)

Lodi, CA 95240

SUBJECT: Request for Traffic Signal at Turner Road and  
Church Street/Rivergate Drive

The City Council at its last regular meeting of July 3, 1985, received your correspondence dated June 22, 1985. The City Council agreed with the City Manager's recommendation to include this intersection in our next signal priority study which we hope to have completed by the end of this summer. As you are probably aware, there are a number of intersections within the City that warrant traffic signals. The signal priority study will evaluate all of these locations in order that the Council can better determine how to spend the number of limited funds that are allocated for signal construction.

I will insure that you receive a copy of this study when completed. Thank you for your letter and concern for safety within the City of Lodi.

Sincerely

Jack L. Ronsko  
Public Works Director
