RES. NO. 87-88

CC-12(c)

The City Council adopted Resolution No. 87-88 awarding the contract for "Turner Road Improvements, Lower Sacramento Road to SPRR" to Teichert Construction in the amount of \$201,524.10.

This project includes the improvement of Turner Road from Lower Sacramento Road (N) to the SPRR spur west of Mills Avenue. The proposed City work includes an asphalt concrete overlay, some pavement and curb and gutter

repairs, and a traffic signal installation at the Turner/Lower Sacramento intersection. General Mills intends to relocate a railroad spur and install curb, gutter, and sidewalk along their frontage on the north side. This will complete the improvements on Turner Road between Mills Avenue and Lower Sacramento Road (S) and will allow four lanes of traffic.

In order to minimize disruption and coordinate the work, the City will include some of the General Mills work in its contract under the terms of an agreement approved by the City Council on June 3, 1987.

The City has received the following 2 bids for this project:
