COUNCIL COMMUNICATION

TO: City Council
 FROM: City Manager
 DATE: July 7, 1982
 SUBJECT: Adopt Resolution designating alley between Oak and Walnut as one-way from Church St. to Pleasant Avenue

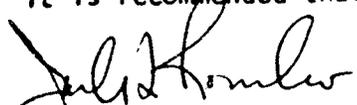

RECOMMENDED ACTION: That the City Council adopt a resolution designating the alley between Oak Street and Walnut Street as a one-way alley from Church Street to Pleasant Avenue in accordance with the attached sketch.

BACKGROUND INFORMATION: Reverends Darrell Thomas and Eusebio Rodriguez of the Methodist Church, have made the request in an effort to relieve traffic congestion and reduce hazards to children attending the St. Anne's and Methodist's schools.

We have contacted Father Cornelius DeGroot, Pastor, and Wally Katnich, Principal of Saint Anne's, and both concur with the request. The only property owners abutting the alley are the Methodist and Catholic Churches. Some effects of the proposal are:

1. Vehicles exiting the alley would exit onto Pleasant Avenue (a one-way northbound street) adding additional traffic.
2. A number of vehicles may continue west through the next alley between Pleasant and Lee creating additional traffic there.
3. Exiting onto Pleasant Avenue, rather than Church Street, should be safer.
4. Some users of the Church lot at the northwest corner of Walnut and Church Street exit onto Church Street.
5. Traffic flow on Church Street may improve slightly.

It is recommended that the request be granted.
