

CITY COUNCIL MEETING
JULY 27, 1985

RESERVATION OF
PARKING STALLS
FOR EMERGENCY
VEHICLES

RES.NO.85-87

City Manager Peterson advised the Council that the

Public Works Department recently undertook a parking survey of the civic center area. From this survey a number of changes are being made to increase the capacity and use of the existing off-site areas. In addition, it became apparent that the parking on Elm Street immediately adjacent to the Public Safety Building could provide space for both fire and police vehicles which would relieve the area behind the Public Safety Building.

RES.NO.85-87 Council adopted Resolution No. 85-87 establishing 8 on-street parking stalls for use by emergency vehicle parking on Elm Street in the area of the Public Safety Building.

CITY OF LODI

PUBLIC WORKS DEPARTMENT

COUNCIL COMMUNICATION

TO: City Council
FROM: City Manager
DATE: July 12, 1985
SUBJECT: Parking on Elm Street @ Public Safety Building

RECOMMENDED ACTION: That the City Council take the necessary action to reserve 8 on-street parking stalls for the use of emergency vehicles.

BACKGROUND INFORMATION: At the request of the Assistant City Manager, the Public Works Department undertook a parking survey of the civic center area. From this survey a number of changes are being made to increase the capacity and use of the existing off-site areas. In addition, it became apparent that the parking on Elm Street immediately adjacent to the Public Safety Building, could provide space for both fire and police vehicles which would relieve the area behind the Public Safety Building.

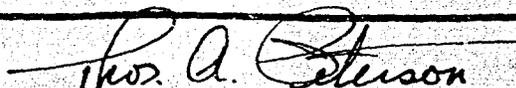

This department is, therefore, recommending that the eight stalls shown on the attached sketch be reserved for emergency vehicles only as soon as proper signing can be installed. The four to the east will be reserved for fire department sedans, while the four to the west will be used for police, sheriff and CHP vehicles.

Jack L. Ronsko
Public Works Director
