BACKGROUND INFORMATION: The City had an agreement with F.F. Smith & Co., Inc., Sacramento, California for the removal of the 1980 Fall leaves. The City was compensated \$0.50 per cubic yard in the 1980 agreement and received \$860. In the 1981 agreement F.F. Prior to negotiating the agreement with F.F. Smith & Co., Inc. we talked to another company whom we thought might be interested in the leaves but found they were unable to handle the leaves at this time.
