NO.

SUBJECT: SPECIFICATIONS FOR THE PURCHASE OF THREE 15-KV VACUUM CIRCUIT BREAKERS (EUD87-10)

RECOMMENDED ACTION: That the City Council approve the specifications for the purchase of one 2000 amp. and two 1200 amp. three-phase vacuum power circuit breakers and authorize advertisement for bids thereon. The bid opening date has been set for September 22, 1987.

BACKGROUND INFORMATION: The power circuit breakers will be installed at the McLane Substation as a part of the Phase 2 development now in progress. This second phase is required to supply the area load, including large industrial load now being developed, under 'emergency' conditions, commencing with the 1988 summer season, and will be needed to supply the 'normal' load in subsequent years. The cost estimate for this purchase is \$60,000 with delivery expected in six months.

Funding for this purchase is included in the Electric Utility Department's 1987-88 budget.
