## COUNCIL COMMUNICATION

TO: City Council

FROM: City Manager

DATE: August 26, 1982

SUBJECT: Contract for Salas Park Control and Pump Structure

*e*  
1-c

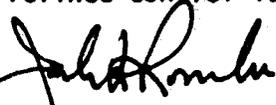

**RECOMMENDED ACTION:** That the City Council award the Base Bid + Alternate for Salas Park Control & Pump Structure to Claude C. Wood Co., the low bidder, in the amount of \$154,700.

**BACKGROUND INFORMATION:** Plans and specifications for this project were approved by the City Council on August 4, 1982. Bids were opened on Wednesday, August 25, 1982, and the following 10 bids were received:

<u>BIDDER</u>	<u>LOCATION</u>	<u>BASE BID</u>	<u>BASE BID + ALTERNATE</u>

Agir Corp.	Modesto, CA.	183,124	189,980
Wickum Const.	Merced, CA.	186,600	192,900
Wayne Fregien	Stockton, CA.	222,806	230,806
Engineer's Estimate		150,000	159,000

A tabulation of the bids has also been attached.

The Base Bid + Alternate includes the installation of an electric gate operator. This gate will ultimately control the flow of storm water from Salas Park to Beckman Park. In the future, a flow meter will be installed to control the gate. It is felt that it will be more economical to install the electric operator now than to wait until some future date. The flow meter is being deferred until more refined control is needed when the "D" Area is developed.
