COUNCIL COMMUNICATION

TO: THE CITY COUNCIL

DATE

NO.

FROM: THE CITY MANAGER'S OFFICE

September 11, 1985

SUBJECT: INSTALLATION OF ELECTRIC SUBSTRUCTURES
MILLS AVENUE SOUTH OF TOKAY STREET (UD-E85-10)

On Tuesday, September 10, 1985, bids were received for the installation of electric substructures (vaults & conduits) on Mills Avenue south of Tokay Street, Royal Crest Drive, Stafford Street, Avalon Avenue and Vine Street.

The installation of the substructures will enable the Utility Department to reconstruct the underground direct-buried 12-kv distribution system in the area. The existing system, installed in 1968, is rapidly failing due to cable deterioration. As a result of the cable condition, this area has experienced numerous outages, with the outage rate continually increasing.

Based on the bids received, it is recommended that the bid be awarded to the lowest bidder Richard A. Heaps Electrical Contractor, Inc., Sacramento in the amount of \$55,396.25.

Funding for this project was included in the 1985-86 fiscal year budget.
