Dear TELPAK Customer or Interested Party:

On August 17, 1983, we filed an amended Telpak Application No. 82-11-03 with the California Public Utilities Commission to delete the originally proposed periodic rate increases and asked that the Application be limited to authorizing a simplified billing structure utilizing a universal mileage rate equitable to all Intrastate Telpak subscribers.

A copy of this amended Application will be furnished upon written request directed to:

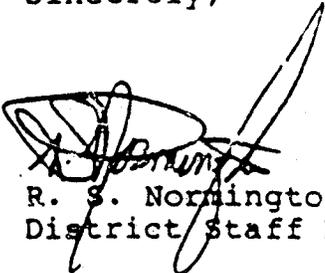

R. B. Roche
Room 1718, 140 New Montgomery Street
San Francisco, California 94105

If you desire to make any inquiries or comments concerning this filing (including a request to receive notice of the date, time and place of any hearings on the amended Application), you may make them in writing to the Commission. The addresses for the California Public Utilities Commission are:

CITY CLERK
CITY OF LODI

August 15, 1983

TO: THE STATE, COUNTY AND CITY OFFICIALS,
AND INTERESTED PARTIES

Pacific Gas and Electric Company has filed Application No. 83 08 38 in which it requests authority from the California Public Utilities Commission, under its Gas Adjustment Clause (GAC) to decrease its gas rates, effective October 1, 1983, to reflect gas costs and to amortize an undercollection in its Gas Cost Balance Account (GCBA).

The GAC decrease which PGandE proposes to place into effect on October 1, 1983, is required to (1) reflect changes in the unit costs of natural gas charged by PGandE's California and Rocky Mountain gas suppliers, (2) reflect decreases in the price of Canadian gas from Pacific Gas Transmission Company (PGT), and (3) amortize the undercollection in the GCBA estimated as of September 30, 1983.

The proposed rates will decrease PGandE's gas revenues by about .3% or approximately \$13.2 million on an annualized basis. Authorization of PGandE's proposal only will enable PGandE to recover its gas costs under its GAC. It will not enable PGandE to earn a rate of return above the level which the Commission last found to be just and reasonable for PGandE's Gas Department.

The State, the counties, the municipal corporations, and other parties interested in the above-mentioned filing will be furnished a copy of Application No. 83 08 38 with related exhibits, upon written request made to PGandE, 77 Beale Street, P.O. Box 7442, San Francisco, California 94120, Attention: Peter W. Hanschen.

This notice is given in accordance with Rule 24 of the revised Rules of Practice and Procedure of the California Public Utilities Commission.

Very truly yours,

PACIFIC GAS AND ELECTRIC COMPANY

TO: THE STATE, COUNTY AND CITY OFFICIALS AND
INTERESTED PARTIES

PACIFIC GAS AND ELECTRIC COMPANY gives notice that in Application No. 83-08-65 it has requested authorization effective January 1, 1984, to revise electric and gas tariffs under its Conservation Financing Adjustment (CFA). The revised rates will cover 1984 costs of PGandE's Zero Interest Program (ZIP), which provides interest-free loans and other incentives to help residential customers install cost-effective conservation measures in their homes.

The proposed rates would increase PGandE's electric revenues by about \$.4 million and its gas revenues by about \$26.6 million for the twelve-month period, January 1, 1984 to December 31, 1984.

PGandE further gives notice that in Application No. 83-08-66 it has requested authorization effective January 1, 1984, to revise electric and gas tariffs pursuant to its Residential Conservation Service Balancing Accounts. The revisions reflect estimated 1984 costs of PGandE's federally-mandated Residential Conservation Service (RCS) Program of energy audits.

The proposed rates would decrease PGandE's electric revenues by about \$.5 million and increase its gas revenues by about \$3.5 million for the same twelve-month period.

Because PGandE only seeks to continue operation of programs which have been thoroughly reviewed and previously approved, it is requesting that these applications be considered on an ex parte basis, without hearing.

The State, the counties, the municipal corporations and other parties interested in the above-described filings will be furnished copies of either or both, with related exhibits, upon written request made to PGandE, 77 Beale Street, P.O. Box 7442, San Francisco, California 94120, Attention: Peter W. Hanschen.
