

CITY COUNCIL MEETING  
OCTOBER 15, 1986

8

BASIN PARK "C" AND  
"E" MASTER PLANS  
APPROVED

CC-27(a)

CC-27(c)

City Manager Peterson reminded the Council that at its regular meeting of April 16, 1986, the City Council took action to retain the services of Richard A. Bigler, landscape architect, to prepare master plans for the development of basin parks "C" and "E", as well as Lodi Lake Park. Basin park "C" is located just east of the Highway 99 freeway at the intersection of Beckman Road and East Vine Street. Basin park "E" is located west of Lower Sacramento Road, immediately south of Park Oak Drive. The master plan for Lodi Lake Park is still being developed and will be presented to the City Council at a later date.

Mr. Bigler reviewed each master plan in detail for the benefit of the Council and responded to questions as were posed regarding the matters.

Mrs. John A. Johns, 2633 Bayberry Circle, Lodi, addressed the Council stating that she represented her neighborhood. Mrs. Johns stated that they would like trees to be planted at this time and requested that tiny tot playground equipment be placed on the finger of land at the east of Basin park "E".

Following discussion with questions being directed to Mr. Bigler, Mrs. Johns and to staff, Council, on motion of Council Member Pinkerton, Hinchman second, approved the Master Plan for the ultimate development of "E" Basin and authorized the expenditure of \$3,000.00 for tree planting in the area of the subject basin presently within the City limits.

Further, on motion of Council Member Snider, Hinchman second, Council approved the Master Plan for the ultimate development of "C" Basin.

# COUNCIL COMMUNICATION

TO: THE CITY COUNCIL  
FROM: THE CITY MANAGER'S OFFICE

DATE: October 15, 1986

NO.

SUBJECT: BASIN PARK "C" AND "E" MASTER PLANS

PREPARED BY: City Manager

RECOMMENDED ACTION: That the City Council review the master plans for ultimate development of basin parks "C" and "E" and take action as deemed appropriate.

BACKGROUND INFORMATION: At its regular meeting of April 16, 1986, the City Council took action to retain the services of Richard A. Bigler, landscape architect, to prepare master plans for the development of basin parks "C" and "E", as well as Lodi Lake Park. Basin park "C" is located just east of the Highway 99 freeway at the intersection of Beckman Road and E. Vine Street. Basin park "E" is located west of Lower Sacramento Road, immediately south of Park Oak Drive. The master plan for Lodi Lake Park is still being developed and will be presented to the City Council at a later date.

The master plans for the two basin parks are now ready for City Council review and action. There has been considerable review of these plans to date at staff, public and Parks and Recreation Commission level. Two neighborhood review meetings were held in August, with a goodly number of citizens in attendance at each. The "C" basin citizen presentation was held at the Parks and Recreation Department office. The "E" basin citizen presentation was held at St. Peter's School located in that neighborhood. The landscape architect and City staff were in attendance at each. Informational notices of each meeting were distributed throughout both neighborhoods and the local media was advised. The plans, along with comments generated at the two citizen meetings were then presented to the Parks and Recreation Commission at its meeting of September 2, 1986. Once again, informational notices of the date, time and place of the commission meeting were distributed throughout both neighborhoods and to the media.

The recommendation of the Parks and Recreation Commission is that the City Council adopt both plans and direct the landscape architect to proceed with the refinement of same.

Attached (Exhibit A) is a copy of a memo from the Parks and Recreation Director to the City Manager discussing the planting of trees in basin park "E" in conformance with the master plan. The tree planting was at the request of one of the citizens who attended the "E" basin public meeting.

The landscape architect, a Parks and Recreation Commission representative, and appropriate staff will be in attendance at Wednesday night's meeting to present this matter and answer any questions Councilmembers may have.

Respectfully submitted,

Thomas A. Peterson  
City Manager

EXHIBIT A

OCT 9 1986

MEMORANDUM

TO: Tom Peterson, City Manager  
FROM: Ron Williamson, Director Recreation and Parks   
DATE: October 8, 1986  
SUBJECT: Basin "E" Park West Area - Advance Tree Planing Concept

At our most recent Parks and Recreation Commission meeting I presented to the commission a figure of \$3,000.00 to fund a potential request that will be put before you and the council to plant trees as soon as possible at Park West Park.

Paula Fernandez from the Public Works Department, as well as our commission, received a request from a homeowner in the area to plant trees now and to establish growth, shade, etc., and not wait for five years when the park might be developed. I discussed this with the commission and they were unanimously in favor of moving ahead and financing the project. The figure of \$3,000.00 is an estimate I received from Rich Prima. He felt it would cover the cost for trees for the 6 acree site and follows the plan that will be presented by Rich Bigler on Wednesday, October 15, at the council meeting.

Dear Council Members:

In today's News-Sentinel there was an article regarding the ducks at Lodi Lake.

I am writing to you to request that you prohibit fishing in Lodi Lake. Since the lake is drained each year the fishing is negligible. The ducks are experiencing health problems and dying because of fishing line, hooks, etc.

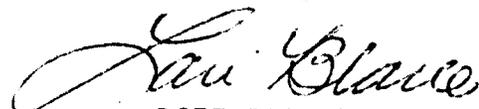

As a lifetime resident of Lodi, I want to see Lodi Lake continue as I remember it. Keep the ducks.

I have contacted the State Department of Fish & Game and Supervisor Barber. Please work together to see that the ducks enjoy a wonderful life.

Please let me know what I can do to see that fishing is prohibited at Lodi Lake and the ducks are happy and healthy.

Thank you very much.

Sincerely,

LORI BLANKE

Dear Ms. Blanke:

Please be advised that your letter addressed to the Lodi City Council of October 20, 1986 was presented at the November 5, 1986 Council meeting.

Follow discussion, Council referred the matter to Staff and the Recreation Commission for review and recommendation.

You will be apprised when the recommendations are presented to the Council. Please do not hesitate to call this office should you have any questions regarding this matter.

Very truly yours,

  
Alice M. Reimche  
City Clerk
