

CITY COUNCIL MEETING  
NOVEMBER 4, 1987

PLANS AND SPECIFICA-  
TIONS FOR STORM DRAIN  
AND PUMP STATION  
ABANDONMENTS, LOWER  
SACRAMENTO ROAD  
AT LODI AVENUE,  
APPROVED

CC-12.1(c)

City Council approved the plans and specifications for Storm Drain and Pump Station Abandonments, Lower Sacramento Road at Lodi Avenue and authorize advertising for bids.

This project consists of abandoning two storm water pump stations. These stations handled storm water at the intersection of Lower Sacramento Road and Lodi Avenue prior to developing the area. With minor changes to the existing piping in the street, the pump stations will no longer be required. One station belongs to the City and one to the County. The County will reimburse the City for their portion of the work. The project estimate of \$3,500 does not include the County's portion, which is a comparable amount.
