

CC 48e 92 84
NO PARKING ZONE ON
HAM LANE AT LAKE-
WOOD ELEMENTARY
SCHOOL

RES. NO. 85-156

Council was informed that the Lakewood School principal, Mr. Garcia, notified Public Works staff that he would like to replace a portion of the loading zone with a no parking zone adjacent to the school crosswalk located on the south leg of the Ham Lane and Kirkwood Drive intersection.

A resolution was adopted in June 1979 establishing a loading zone on Ham Lane adjacent to the school. At that time trucks were making daily stops on Ham Lane and parents were unloading and loading their children, also. Currently, most trucks are using the parking lot, but the parents are still using this area to unload and load their children.

Council adopted Resolution No. 85-156 approving the replacement of a portion of the loading zone on Ham Lane adjacent to Lakewood School with a "No Parking" zone.

CITY OF LODI

PUBLIC WORKS DEPARTMENT

COUNCIL COMMUNICATION

TO: City Council
FROM: City Manager
DATE: October 30, 1985
SUBJECT: No Parking Zone on Ham Lane at Lakewood Elementary School

RECOMMENDED ACTION: That the City Council approve the replacement of a portion of the loading zone on Ham Lane adjacent to Lakewood School with a no parking zone.

BACKGROUND INFORMATION: The Lakewood School principal, Mr. Garcia, notified Public Works staff that he would like to replace a portion of the loading zone with a no parking zone adjacent to the school crosswalk located on the south leg of the Ham Lane and Kirkwood Drive intersection. (See Exhibit A).

A resolution was adopted in June 1979 establishing a loading zone on Ham Lane adjacent to the school. At that time trucks were making daily stops on Ham Lane and parents were unloading and loading their children, also. Currently, most trucks are using the parking lot, but the parents are still using this area to unload and load their children.

Staff recommends replacing twenty feet of the unloading and loading zone, south of the crosswalk, with a no parking zone. The school safety patrol guards are having difficulty seeing the vehicles traveling northbound when a vehicle is temporarily parked just south of the crosswalk. Staff also recommends replacing twenty feet of unloading and loading zone, north of the crosswalk, with a no parking zone. Vehicles tend to turn into the crosswalk in order to unload and load passengers in the yellow zone just north of the crosswalk.

The principal would prefer the no limit zone (approximately 3 spaces) to remain the same. The ten feet of unloading and loading zone, north of the proposed no parking zone should be removed. This area can continue to be used by parents for short term use.

Jack L. Ronsko
Public Works Director
