ALICE M. REINHE
CITY CLERK
CITY OF LOS ANGELES

November 5, 1982

TO THE STATE, COUNTY AND CITY OFFICIALS AND INTERESTED PARTIES:

PACIFIC GAS AND ELECTRIC COMPANY (PGandE) hereby gives notice that in Amended Application 82-01-59 it has requested authorization under its Solar Financing Adjustment (SFA) to revise its electric and gas tariffs, effective January 1, 1983, to support its Demonstration Solar Financing program, which the Commission ordered PGandE to conduct under OII-42 in Decision No. 92251.

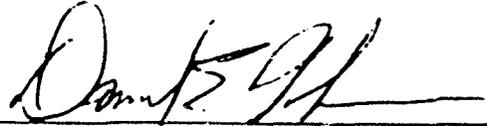

The proposed rates would increase PGandE's electric revenues by about .09 percent or \$3,776,000 and will decrease gas revenues by about .01 percent or \$239,000 for the 12-month period, January 1, 1983, to December 31, 1983. The adjusted SFA rates will support the Demonstration Solar Financing program. The SFA procedure established for this purpose passes through to ratepayers only actual costs of the program.

By this Amended Application, PGandE seeks authority to continue to carry out PGandE's portion of the Commission-mandated Demonstration Solar Financing program which previously has been reviewed and approved by the Commission in Decisions Nos. 92906 and 93272. Therefore, PGandE requests that its Amended Application be granted ex parte.

The state, the counties, the municipal corporations, and other parties interested in the above-mentioned filing will be furnished a copy of Amended Application No. 82-01-59, with related exhibits, upon written request made to PGandE, 77 Beale Street, P.O. Box 7442, San Francisco, California 94120, Attention: Daniel E. Gibson, Assistant General Counsel.

This notice is given in accordance with Rule 24 of the revised Rules of Practice and Procedure of the California Public Utilities Commission.

Very truly yours,

By 
DANIEL E. GIBSON
