CITY COUNCIL MEETING

November 18, 1981

Council was apprised that at the November 4, 1981 meeting, the City Council was notified that the Federal Highway Administration has approved the environmental report on the Stockton Street project. Since that meeting, the document has been printed and submitted to the State Clearinghouse to start the public review period. To conform to FHWA and CEQA (State) requirements, a public hearing must be held. At the hearing, the Council will receive input on the project and determine if the environmental document is adequate. Per Federal requirements, a decision on the project must be deferred until a subsequent meeting and a transcript of the hearing must be prepared.

On motion of Councilman Katnich, Murphy second, Council set the Public Hearing on the Stockton Street Improvement Project to January 6, 1982.

PUBLIC WORKS DEPARTMENT

COUNCIL COMMUNICATION

TO: City Council
FROM: City Manager
DATE: November 12, 1981
SUBJECT: Stockton Street Improvement Project Public Hearing

RECOMMENDED ACTION: That the City Council hold a public hearing on January 6, 1982, on the Stockton Street Improvement Project.

BACKGROUND INFORMATION: At the November 4, 1981, meeting, the City Council was notified that the Federal Highway Administration has approved the environmental report on the Stockton Street project. Since that meeting, the document has been printed and submitted to the State Clearinghouse to start the public review period. To conform to FHWA and CEQA (State) requirements, a public hearing must be held. The date requested provides the necessary public review time. At the hearing, the Council will receive input on the project and determine if the environmental document is adequate. Per Federal requirements, a decision on the project must be deferred until a subsequent meeting and a transcript of the hearing must be prepared.

A copy of the Draft Environmental Impact Report/Environmental Assessment will be handed out at the meeting. A copy of the public notice is attached.
