

CITY COUNCIL MEETING
DECEMBER 2, 1987

AWARD CONTRACT FOR
STORM DRAIN PUMP
STATION ABANDON-
MENTS, LOWER
SACRAMENTO ROAD,
150' SOUTH OF
LODI AVENUE TO
LODI AVENUE

RES. NO. 87-160

CC-12(a)

Council adopted Resolution No. 87-160 awarding the contract for Storm Drain Pump Station Abandonments, Lower Sacramento Road, 150' south of Lodi Avenue to Lodi Avenue to Crutchfield Construction in the amount of \$10,532.00.

This project consists of abandoning two storm water pump stations. These stations handled storm water at the intersection of Lower Sacramento Road and Lodi Avenue prior to developing the area. With minor changes to the existing piping in the street, the pump stations will no longer be required. One station belongs to the City and one to the County. The County will reimburse the City for their portion of the work. The project estimate does not include the County's portion, which is \$5,500.00.

Plans and specifications were approved for this project on November 4, 1987.

The City received the following 7 bids for this project:

<u>BIDDER</u>	<u>LOCATION</u>	<u>BID</u>
Engineer's Estimate		\$ 8,480.00
Crutchfield Constr.	Stockton	\$10,532.00
Ric's Excavators	Dutch Flat	\$14,445.00
Ridge Underground Const.	Citrus Heights	\$15,916.00
Transitional Srvs, Inc.	Walnut Grove	\$16,200.00
Ford Construction Co.	Lodi	\$18,632.00
Osborn General Eng. & Construction	Chicago Park	\$19,600.00
Claude C. Wood Co.	Lodi	\$26,358.00

An error in the pipe quantity was found in the Engineer's Estimate. This is why the amount budgeted is too low. The Engineer's Estimate above reflects the correct quantity with the original unit price. Also, due to a last minute change in the design, the estimated amount for the pump station abandonment was too low. It was decided to completely remove the San Joaquin Co. pump pit since it is located in the area of a future curb return and would likely interfere with a future traffic signal foundation.

CONTINUED DECEMBER 2, 1987

Based on the range of the bids received and that Crutchfield Construction Co. has a good reputation in Lodi, Staff recommended the project be awarded to Crutchfield Construction Co. The additional City cost will be charged to the miscellaneous storm drain account. San Joaquin County Public Works has given verbal approval to proceed. City will hold off on signing the contract pending written confirmation.

PUBLIC WORKS DEPARTMENT

COUNCIL COMMUNICATION

TO:	City Council	<u>Project Data</u>	
		Originally Budgeted:	1986/87
FROM:	City Manager	Budgeted Fund:	General Fund
		Amount Budgeted:	\$3,500
		Total Project Estimate:	\$7,000
		(City Portion)	
MEETING DATE:	December 2, 1987	Bid Opening Date:	11/25/87
AGENDA TITLE:	Award Contract for Storm Drain and Pump Station Abandonments, Lower Sacramento Road, 150' South of Lodi Avenue to Lodi Avenue		

RECOMMENDED ACTION: That the City Council award the contract for the above project to Crutchfield Construction Co. Inc. in the amount of \$10,532.00 subject to receiving written confirmation from San Joaquin County.

BACKGROUND INFORMATION: This project consists of abandoning two storm water pump stations. These stations handled storm water at the intersection of Lower Sacramento Road and Lodi Avenue prior to developing the area. With minor changes to the existing piping in the street, the pump stations will no longer be required. One station belongs to the City and one to the County. The County will reimburse the City for their portion of the work. The project estimate does not include the County's portion, which is \$5,500.00.

Plans and specifications for this project were approved on November 4, 1987.

The City received the following 7 bids for this project:

<u>BIDDER</u>	<u>LOCATION</u>	<u>BID</u>
Engineer's Estimate		\$ 8,480.00
Crutchfield Construction	Stockton	\$10,532.00
Ric's Excavators	Dutch Flat	\$14,445.00
Ridge Underground Construction	Citrus Heights	\$15,916.00
Transitional Services, Inc.	Walnut Grove	\$16,200.00
Ford Construction Co.	Lodi	\$18,632.00
Osborn General Engineering & Construction	Chicago Park	\$19,600.00
Claude C. Wood Co.	Lodi	\$26,358.00

An error in the pipe quantity was found in the Engineer's Estimate. This is why the amount budgeted is too low. The Engineer's Estimate above reflects the correct quantity with the original unit price. Also, due to a last minute change in the design, the estimated amount for the pump station abandonment was too low. It was decided to completely remove the San Joaquin Co. pump pit since it is located in the area of a future curb return and would likely interfere with a future traffic signal foundation.
